Stop Castro's Invasion Of U.S.

Carter To Bring In Over Million Cubans

The Thunderbolt

ISSUE # 253 MAY, 1980

Carter Violates Law By Allowing In Cuban Hordes

How many Cubans want to come to America? Castro's communist officials say "only" about 250,000. Others say a million and Garrett Hardin, an immigration expert at the U. of Calif. says it could be as high as 5 million. When the first boatloads of Cubans arrived in America in the early 1960s they were mostly Whites, educated, and anti-communist. Some 800,000, about 10% of Cuba's population moved here. They were dispersed around the nation but 600,000 moved back to Miami where they have seized political power over Dade County (Miami.)

Castro shipping unwanted blacks (not Whites) to crush us with unbearable welfare burden.

Cuba has a population of 10 million just like it did in the 1960s. That country has a 30% unemployment rate. The people arriving now are almost all negroes which is quite obvious from the TV photos of them disembarking from boats. These are Castro's unemployed, unskilled, excess garbage including the criminal element he wants to get rid of. Carter would have to be insane to want this army of welfare parasites flooding our nation.

Carter Has Destroyed South Florida

U.S. laws provide for a fine of $1,000 for each alien brought to America without a proper visa and seizure of the vessel. While Coast Guard officials have sought to impose this penalty they have been stopped by the personal intervention of the President. Carter has even directed U.S. Navy ships engaged in important military maneuvers in the Caribbean to protect the sea lanes between Cuba and Key West so as to rescue and haul to America the illegal refugees whose boats have mechanical failures.

Thus Carter is directly responsible for the breakdown in immigration and is now illegally using millions of the taxpayers money to haul people here who clearly admit they come for money and a higher standard of living. Thus they are self-confessed "economic" refugees and are specifically barred from America by U.S. immigration laws. Thus Carter is guilty of flagrant violation of his oath of office to uphold the law. Carter should resign since there is not time left in his term to impeach him. He is mentally incapable of running the country properly.

Castro Planned This Invasion of U.S.

If the negroidal Cuban boat people were arriving with guns in an armed invasion force they would not be nearly as dangerous to America as they are now. Our Navy and local National Guard and police units could easily wipe out this invasion force. But, by calling them "poor refugees" Carter is able to sell weak and spineless liberals that accepting this invasion force is a "humanitarian gesture."

This current Cuban crisis began when Castro removed his police from around the Peruvian Embassy. Some 10,000 of his people quickly climbed the walls and asked asylum. Then Costa Rica and Spain agreed to take these people and a direct air lift to Costa Rica began. Castro closed it down after two days and declared that the refugees have to go to America! He then opened up the port city of Mariel which is the closest point to Key West, just 90 miles away. Castro next allowed anyone who wished to leave the right to make international phone calls to friends or relatives in Miami to employ ships to come to Mariel to pick them up. THIS IS THE STORY OF HOW CASTRO BEGAN THE INVASION OF AMERICA!

Some of these refugees have marched off the planes giving the clenched fist salute. Many are communists who simply do not like the low standard of living in Cuba which has become more acute with the recent failure of the sugar cane crop. Thus Castro wants the worst of his people to come to America because he knows they will add to our present economic and racial unrest and thus set the pattern for future revolution in America.

It is estimated that since the first Cuban refugees began coming here 20 years ago they have cost the American taxpayers over a billion dollars in welfare and job training. Just as we go to press comes the news that Castro flung open the gates of one prison for habitual criminals including murders, rapists and even insane maniacs and told them they could go to America. Carter has betrayed the American people by allowing Castro, the most vicious and dangerous enemy we have in this hemisphere, to invade our nation with what he calls, "bums, delinquents, scum, vagabonds and criminals."

Mr. D.E. Powell, Southern Commissioner for the Immigration Service says, *"He is sending us the whole gamut of criminals from drug addicts to murderers, you name it."* AND CARTER IS ASKING AMERICANS TO TAKE THIS ELEMENT INTO OUR HOMES, AND CHURCHES, TO SPONSOR THEM. CARTER HAS TO BE INSANE TO GO ALONG WITH CASTRO'S CALCULATED PLAN TO DESTROY AMERICA!

Evidence Carter Mentally Ill

Has Pres. Carter Gone Insane?

Reports coming into this office indicate that Carter's mental condition has deteriorated to the point where he is no longer functioning rationally. It has long been known that Carter cannot take pressure and his recent zombie-like appearance gives one the feeling he is heavily sedated on some tranquilizers such as Valium.

Many say that Carter is a very spiteful person and since his popularity in the polls has hit rock bottom there is little doubt that he hates the American people for his coming political demise. Does Carter intend to punish us before he leaves office? Why else is Carter flagrantly violating U.S. Immigration laws and illegally allowing "economic" refugees (not political refugees) to flood our land by the hundreds of thousands from Cuba, Haiti, Mexico and Asia? Carter has only seven months left in office and he apparently wants to destroy America during this short period by throwing open the floodgates of immigration and quickly making the White people a minority right here in our own country.

Carter stares blindly as illiterate black adviser such as "Daddy" King (left) tell him what to do.

Carter Escapes Reality

New York Times writer James Reston says that Carter has a "serene" appearance when asked about the dangerous economic and overseas problems. His 40 months in office has brought one unsolved crisis after another down upon the nation. Writer David Broder of Washington, D.C. says that Carter is so far from the reality that he ignores the ominous growing threats to the nation's security. Broder says Carter is "vain" and believes that he "deserves" re-election and the people who don't agree are just ingrates!

Thus Carter is proposing a plan to bring in up to one million Cubans and allow millions of negroes from the Caribbean Islands to flood in. We have a welfare program and their homelands do not. Paul Harvey recently stated that 1/3 of all of South America would like to emigrate to America.

More On Carter Insanity

President Carter is unable to complete a single sentence without a very noticeable pause, or hesitation, in his speech. Experts say this means that he suffers from a mental insufficiency which causes his slow motion speech and thinking. It is additional evidence to his mental health problem.

Carter has definite delusions of grandeur and thinks that Americans who do not appreciate his genius are not worthy of his leadership. White House reporters say he is cantankerous, petty and vain. Carter is another Nero who is willing to sit in the White House with all the glamorous trappings of the Presidency, with aides bowing before him right and left. He is totally blind to the fact that America (like Rome) is facing destruction from within and from without. The time has come to take these facts into consideration. President Carter is most definitely insane and only time will tell whether or not the nation can survive the short period he has left in office.

Cubans Balance Of Power In Florida

Whites Outrages

White People Protest Cuban Invasion

While there have been no major polls, newspapers and radio stations report that their listeners are overwhelmingly against the invasion by the Cubans. "The Miami News" reports that their recent poll of readers found they were 3 to 1 against allowing more Cubans to come to America. The figure would be much higher but local Cubans were allowed to participate in the poll. Many feel over 85% of all Whites are against Castro's invasion of America with the dregs of his country.

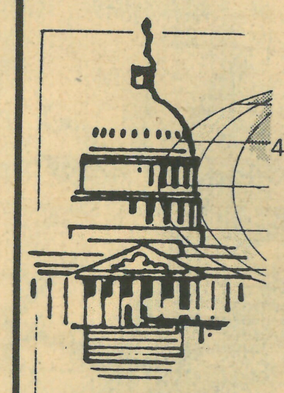
Hispanic Miami Mayor Maurice Ferre said he opposed such polls because allowing White people to express such views was *"irresponsible journalism and an incitement to hate."* Thus freedom of speech and press would be suppressed by the Cubans to eliminate all opposition of their takeover of the state of Florida. Despite this, Whites openly picketed the U.S. Customs office in Miami facing catcalls from irate Cubans. In Ft. Walton, Fla., a huge anti-Cuban rally was held by David Duke which drew nearly a thousand people to this protest against the Cuban invasion.

Congressman Earl D. Hutto of the Ft. Walton, Fla., Okalossa County area, is one of the few elected officials to speak out. He said: *"Our people and I am opposed to opening this processing center in Ft. Walton. I'm especially concerned that the criminal element which Castro is releasing will come to the United States. I've asked that those with criminal records be banned."*

(Meanwhile a Carter spokesman in the White House said that nothing could be done to detain these people until after they first commit crimes in this country.)

Ft. Walton city councilman Charlie Hill said at an emergency meeting of city officials that *"Many residents here are unemployed. What guarantee do we have that those without families and sponsors won't be left behind?"* The Mayor, Bob Gates, replied: *"We have no guarantees from Pres. Carter!"* Local radio call-in stations reported most people seemed to be concerned about jobs and the crime threat from the Cubans.

Conservatives Too Cowardly To Speak Out



HUMAN EVENTS

422 First Street, S.E. • Washington, D.C. 20003

THOMAS S. WINTER
Editor

Mr. [redacted]

Daytona Beach, Florida 32018

Dear Mr. [redacted]

We have been vaguely considering a longer piece on immigration, but I am afraid that right now there are so many more pressing issues that we just haven't gotten around to it -- although I agree it is important. Perhaps later this year.

Sincerely,

Even "Human Events" Refuses To Object

"Human Events" is the leading conservative Republican newspaper in America. It carries many good articles on the subjects of economics and communism. But, when it comes to the refugee invasion, that is another subject because it touches on the racial issue. Today the minorities have become so powerful that it has made cowards out of many who should be our friends and joining with us to shout against this planned destruction of America.

On this page we reproduce a letter from Thomas Winter, editor of *"Human Events"*, to a Thunderbolt subscriber explaining why they are not interested in the immigration menace. He says there are *"many more pressing issues!"* How many of you believe that? Immigration is by far the number one issue threatening the very survival of America and it must be faced if our race and nation are to have any chance at all to be saved. We must demand that our political leaders take a stand on this issue while there is yet still time to stem the floodtide and save America.

The Thunderbolt is published monthly by The Thunderbolt, Inc., a non-profit Georgia corporation, P. O. Box 1211, Marietta, Georgia 30061, Dr. Edward R. Fields, Editor. Subscription rates are: Six Months, $5; One Year, $8; Two Years, $14.

Courts Curb Arrests Of Mexicans

Los Angeles Federal Judge David Williams has issued an order restraining the U. S. Immigration Service from:

1) Searching for illegal aliens without a warrant for the arrest of a specific individual.

2) No one can be stopped or questioned about his residence status simply because he "looks" Mexican.

3) Raids cannot be made on places known as hangouts for illegal aliens unless warrants are first obtained.

Thus Carter and the courts are creating special rights for the protection of illegal aliens rather than strengthening the U. S. Border Patrol and Immigration Service so that they can get the job done on protecting America from the invasion of illegal aliens.

Cubans Take Over Miami

Even before the current flood of Cubans into America, White people were already a minority in Dade County (Miami). Oliver Kerr, researcher for the Dade Planning Department, says White people make up 47% of the population, Cubans 38% and negroes 15%. Whites in the Dade school system dropped from 66% in 1960 to only 40% today, with 31% being Cubans and 29% negroes.

It has become more difficult for Americans to find jobs because many firms now require workers to speak Spanish. Jewish-owned hotels on Miami Beach have fired most of their U.S. negroes and White waiters, maids and workers because the Cubans will work cheaper. Whites are being forced to move out of the overcrowded Dade County where there is only a 1% apartment vacancy rate and prices are skyrocketing. Cubans live several families to a house or apartment and the government pays most of their rent.

Miami is known as "Little Havana" and everyone speaks Spanish. The Mayor, Maurice Ferre, is Hispanic and Gov. Bob Graham named Cuban Alfredo Duran of Miami, Chairman of the Florida Democratic Party. Thus Cuban political clout has clearly become the balance of power in the state. Even the NAACP has complained that Cubans get job preference over their people and have replaced them politically as the state's second more powerful majority.

Making Florida a state which may soon be called "North Cuba" has encouraged thousands of others from South America to immigrate into the Miami area. Besides the 600,000 plus Cubans (perhaps over 700,000 now) there are 30,000 Puerto Ricans, 25,000 Columbians, 20,000 Venezuelans, 10,000 Peruvians, 6,000 each of Chileans, Mexicans and Salvadorans with lesser numbers from other countries of South America. Thus Americans are losing this great industrial and vacation state to the mongrel hordes of South America WHO COULD WELL DRIVE ALL Whites out of the entire state if Castro is allowed to send one to five million Cubans to Florida. Congress must demand that Carter stop this suicidal policy before it becomes an even larger cancer which destroys the entire nation.

Politicians Let Us Down

Why Don't Politicians Protest Refugee Invasion

One of the real shocks to most Americans is the fact that none of our Senators, Congressmen or local politicans have spoken out against Carter's opening of the immigration floodgates. Even the conservative representatives in Washington are afraid to open their mouths. The reason is that the organized minority machine has become so powerful in America that all politicians are afraid of them. Only a couple of local political leaders in directly effected areas like Ft. Walton Beach, Fla. have objected. IT is an outrage that ministers, civic leaders and politicans are not standing up nationwide in protest against this illegal invasion of America.

Border Patrol Sabotaged

Carter Cuts Border Patrol Funds

The U.S. Border Patrol is so short of funds that they recently had to tell the local police in Alexandria, La. to release 22 illegal Mexican aliens under arrest because they did not have the funds to come and pick them up for deportation.

John F. Langford, Jr., regional chief of the Border Patrol said, *"There are more illegal aliens in this country than ever before. There should be enough funding to deport them but the money isn't there. The same problem occurred in Mississippi when 12 Mexicans were recently arrested but I didn't have the money to send agents there to pick them up. It's purely a fiscal matter."*

(Note: If Carter can increase welfare funds he can increase the money needed by the Border Patrol for the defense of this nation. This is a top priority matter of national security and Carter is guilty of gross negligence and malfeasance in office.)

Protect Rights Of Haitian "Boat People"

NEW YORK

The campaign to win asylum for about 8,000 Haitian "Boat People" is making major headway. The broad coalition of supporters now includes many influential persons and organization: religious, labor, black as well as congressional representatives.

Favorable media coverage has escalated.

If you have not already done so, we urge you to write the president to grant asylum to the 8,000 Haitian "Boat People."

Meanwhile, INS has resumed its widespread "sweeps," dragnet raids, on the streets and other public places in Los Angeles and New York City, in West Virginia apple orchards and elsewhere. The American Committee has vigorously opposed such raids and is actively continuing its efforts to win amnesty for overstayed and undocumented persons.

Spearheaded by the International Ladies Garment Workers Union, the demand for amnesty is also making significant headway in many unions.

Dr. Paul Lehmann
Distinguished Jewish chairman of commitee to protect foreign born.

Congress has set up a Selec. Commission on Immigration and Refugee Policy which will report its finding in early 1981. Organizations are urged to write the commission at 726 Jackson Place., N.W., Room 2020, Wash., D.C., 20506 and request the opportunity to present their views at hearings in various cities.

Union Recruits Aliens

First Union For Illegal Aliens

The International Ladies Garment Workers Union (ILGWU) has initiated a new program for the recruit of illegal aliens into their union which will then protect their presence in America. In new contracts coming up with textile and garment plants the ILGWU will demand the following:

1) Immigration agents cannot be admitted into a factory without a warrant seeking a specific person. The shop steward must be notified by phone before the arrest (thus giving the illegal alien time to escape.)

2) Employer agrees not to give names of employees to Immigration Service. Illegals who appeal deportation orders must be allowed to keep their jobs.

3) Illegal aliens may change names and Social Security card numbers whenever they please. The agreement was written by Fidel Gomez and Phil Russo.

News of the ILGWU action was hailed as a great victory by the communist "Daily World" of March 8. This union is seeking to recruit illegals and most definitely this is taking jobs from Americans and protecting the aliens who should not be here working in the first place.

David Dubinsky ILGWU Founder

The ILGWU was founded by the Jew David Dubinsky who was born in Russia. He graduated from a Hebrew academy and later was a firebrand leader in the communist Social Democratic Party in Poland. He was sent to prison for 18 months but escaped and went back to Russia where he was arrested by the Czar's police and sent to exile in Siberia. Dubinsky escaped after 5 months. He then immigrated to America during the great waves of Jews who flooded our shores before World War One.

In New York City Dubinsky joined the Socialist Party and took over as president of the ILGWA in 1932. Before World War II Dubinsky founded the American Labor Party which became a front for the U.S. Communist Party. At one time this party elected Vito Marcentonio to Congress. Later this same Marxist party became today's New York Liberal Party (which was also founded by Dubinsky). It pulls the Democratic Party to a far left stance.

David Dubinsky founded ILGWU, Socialist Party and todays N.Y. Liberal Party.

Indochinese Carry Contagious Diseases

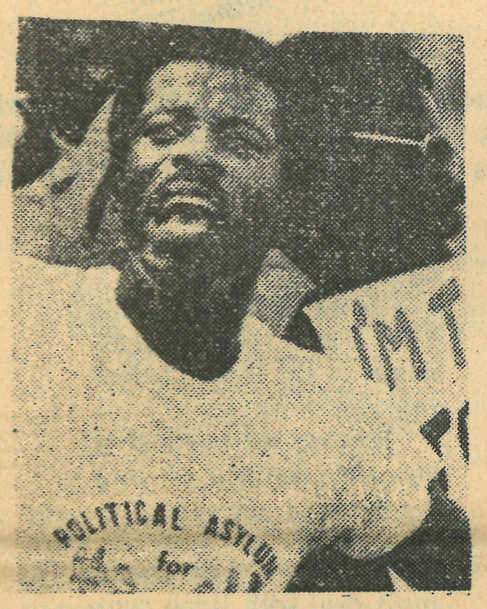
Garden Grove, Calif. —

Mayor Elerth Erickson charged that the immigration service is allowing Indochinese with highly contagious diseases to move into neighborhoods where they come in contact with healthy Americans. Erickson said a number of firemen and other city employees have been rushed to the hospital after being exposed to Indochinese who had TB, leprosy, venereal disease, hepatitis, infection disorders and parasitic diseases, "some of which we are not even familiar with." He said volunteer organizations and the immigration service are "dumping these people on our community with no provisions to protect us from their diseases."

Negroes From Haiti Continue To Flood In

Haiti is the only totally all-black nation in our hemisphere and it is the most backward equally comparable to its sister all-black nations in Africa. Disease and starvation is rampant on Haiti. This is a country which has been destroyed by its own people. The northwest part of the country has been denuded of all its trees which have used them as firewood by the natives. The land has eroded and the annual income is $150 per family. Now the people who turned their own once rich land into a desert want to come to America and do the same thing here.

Haitians are so-called "economic refugees" who the Immigration service says will in no way be persecuted should they be sent back home. One reason the flood tide is growing is because one tells another that they are allowed to remain here and go on welfare and they write home thus encouraging more to flee. An astounding 40% have veneral disease and many have TB or even malaria!



Haitian refugees demonstrate in Miami demanding welfare rights. Note his T-shirt calls for "Political Asylum."

Who Fights For Haitians

Americans have been shocked in recent weeks to learn of Haitians demonstrating in New York, Washington, Atlanta and Miami for the right to stay in America. It is estimated that there are some 200,000 Haitians in the U.S. Many who have the money fly to Canada where they cross over into New York City. Some 100,000 live there. Over 50,000 now are in Florida and during the last quarter they produced 400 babies. They are being organized by the NAACP and Jesse Jackson's "PUSH" organization who want them to stay here in order that black political power can grow stronger.

Besides the NAACP the Black Congressional Caucas has called for the Immigration Service to treat them as "political" refugees rather than "economic" refugees. Being "political" gives them the right to special financial aid and the right to remain indefinitely but economic refugees are supposed to be deported under U.S. law. The National Council of Churches is also demanding that the Haitians be allowed to remain. They want them to have hospital services, job training and all welfare benefits.

"American Committee For The Protection of The Foreign Born" headed by the Jew, Dr. Paul Lehmann, wants amnesty and citizenship for all Haitians. This organization was directly established by the U.S. Communist Party and was listed as subversive when the former House Committee on UnAmerican Activities existed. Such groups want to weaken and destroy the U.S. with massive hordes of colored aliens.

Brazenly Rev. Jesse Jackson led 500 Haitians through the streets of Miami shouting *"human rights for Haitians"* and "Asylum Yes! Deportation No!" It is interesting to note that the only two elected non-negro members of Congress to speak out for keeping the Haitians in America are Sen. Richard Stone and Congressman William Lehman, both are Jews from Miami! Andrew Young has also promised to use his influence with Carter to gain them "amnesty."

"New York Times" Big Lie

The April 16 issue of the New York Times, (owned by the Jew Arthur Sulzberger) urged *"extraordinary Executive action now"* to grant amnesty to Haitians. It falsely declared that most Cubans coming to America are "White" and are allowed to stay. Thus it is only fair that the Haitians who are "mostly black" should be allowed in — JUST BECAUSE THEY WANT IN!

The Times motto is "All The Truth Fit To Print." Well, the truth is that most all of the Cubans coming here are NEGROES and ALL of the Haitians are NEGROES. Thus America becomes more "colored" with each passing day that this double invasion of our shores is allowed to continue.

Lawyers for Haitians

The National Center for Immigration Rights is a Marxist legal outfit like the ACLU. Rich liberals feed it with money in order to weaken White America and open the gateway for an eventual Marxist America. This is the group which provides free legal aid to the Haitians. This is the group which won the federal court injunction against further deportation of the Haitians.

One interesting sidelight is the fact that the lawyers in this outfit are all Miami Jews! They include Peter Schey, Rick Swartz and Ira Kurzban. Thus Jews who have been given more special privileges in immigration than any other group in U.S. history seeks to undermine the White majority by using legal tricks to pry open our immigration gates .

Mexicans Shoot At Border Guards - They Can't Fight Back

THE SAN DIEGO UNION

BORDER PATROL WIVES SPEAK OUT

'Thin Green Line' Wavers

By DAVE POLIS
Staff Writer, The San Diego Union

OTAY MESA — "When my husband straps on his gun, he knows it is there for show. If he uses it — well, everything is on the line," the wife of a Border Patrol agent said yesterday.

Marsha DeSonia is one of a group of wives of patrol agents who said they will begin speaking out on the problems of the "thin green line," despite the likelihood of retaliation against their husbands.

"Our husbands cannot speak out, so we are going to," she said.

The prospect of their husbands being passed over for promotions, lost duty assignments and the like is real enough, said Olene O'Dowd.

Frieda Cole, whose husband, Daniel, finds his 30-year career on the line as a result of shooting two illegal aliens last March, said there is no clear policy on illegal aliens from President Carter on down.

Muriel Watson said the public sees the illegal alien in newspapers and on television as a helpless victim of international politics, the prey of smugglers and looting gangs. But Border Patrol agents face increasingly hostile and violent illegal aliens, Watson said.

"Twenty years ago, an attack on a patrol agent was unheard of," she said. "Even 10 years ago, there might be one or two a year. Now we are facing hardened people who have paid their money to get across the border, and by God they are going to do it."

She said the public still has the image of a docile, amiable illegal alien who smiles and shrugs his shoulders when he is discovered.

"The days of the cat-and-mouse game are over," she said. "Now we are having patrol agents attacked almost every night. We're dealing with vicious smugglers with a lot of money on the line, and they will stop at nothing."

The Border Patrol has covered the Jeeps it uses along the border with steel mesh, Cole said, because of frequent sniping attacks and rock and debris throwing.

"They're called war wagons," DeSonia said. "Let's face it, there's a war going on down there."

The patrolmen are "supposed to just stand there and take it," she said. "There is an unwritten rule not to use your gun."

DeSonia said the agents have to keep their shotguns locked in the trunk of their vehicles.

"They're damned if they do, and damned if they don't," said Joyce Chumbley.

Jane Cross said agents must deal with large numbers of illegal aliens without proper backup, with faulty equipment, and this in the face of uncertain support by their superiors whenever a complaint is issued.

Ginger Ward, another of the wives, said the Border Patrol diverted $10 million intended by Congress for enforcement operations for use in planning and other less critical areas.

"That money would have gone a long way toward meeting the needs of the men," she said.

Watson said about 200 patrol agents are assigned to the San Ysidro station, which represents about 3 percent of the border, and annually claims about 43 percent of the illegal aliens apprehended.

She said the Border Patrol "is a thin, green line" that increasingly finds itself the scapegoat in dealing with the illegal alien problem.

"We can accept the dangers, the exposure to disease, the lack of support," Watson said, "but we can't stand the apathy."

Wives of Border Patrol officers discuss plans to speak out on the problems their husband face in dealing with illegal aliens. Left to right are Olene O'Dowd, Muriel Watson and Ginger Ward.

War Erupts Along Mexican Border

The daily press has suppressed the news of armed attacks upon U. S. Border Patrol officers seeking to stem the flood tide of Mexicans seeking illegal entry into America. It is estimated that there are from 12 to 18 million aliens in this nation today and most of them are Mexicans. Note the article reproduced on this page outlining the perils facing the U.S. Border Patrol.

Even though they are being fired upon by illegal aliens seeking to cross our border, the patrol is under orders from Pres. Carter not to fire back. Carter does not want anything to happen to the Mexicans which might cut into his Mexican vote in November — even if it should cost the lives of border guards! In fact it seems as if Carter wants even more Mexicans to cross our border because he has reduced the number of men on the line. He also allowed the Justice Department under its civil rights chief Philip Heymann (Jew) to prosecute border guards who sought to get tough with the illegal Mexicans.

Shocking Mexican Invasion Figures

The Border Patrol apprehended 111,370 people trying to cross into America last year from Mexico. This was up 12,000 from the previous year's figure. The figure grows each month and in April alone 33,000 were caught. Now the frightening part is that it is estimated that for every illegal alien caught five to 10 make it across safely. This means as many as one million Mexicans entered the U.S. illegally last year alone. Carter has allowed the patrol to erect a flimsy 10-foot fence along the border and it took months of haggling before he would agree to this. Sharp spikes at the top of the fence were removed because Carter thought they would be "inhumane" to the illegal aliens.

Border Guards Prosecuted

Carter's Justice Department prosecuted three Border Patrol officers last January. They were charged with "vigilante action" in being "too brutal" in forcing Mexican invaders back across our borders. Jeffery Otherson and Bruce Brown were convicted in a San Diego federal court of "violating the civil rights of aliens." Philip Heymann announced that this is only the second time the civil rights law has ever been used to protect the rights of illegal aliens. Heymann stated: *"This puts Border Patrol agents on notice all over the country that if they engage in this kind of behavior they will be convicted."*

The men face up to two years in prison and a $2,000 fine. Dirk Dick, a third border officer, was acquitted on two of three counts and allowed to resign from the force without being prosecuted on the third count. A fourth officer, Daniel Charest, will stand trial later for perjury for denying he had beaten Mexican illegals in attempting to force them back across the border.

Thus the Justice Department has succeeded in demoralizing the U.S. Border Patrol and many are no longer willing to go out where the more fierce armed Mexican bandit types are trying to cross the border. Carter and Heymann have thus sabotaged the country by prying open even further the floodgates of this mongrel invasion which will soon turn America into a "hell hole on earth like dreaded Calcutta, India." The big question is whether or not America can survive seven more months of Carter rule during which he is deliberately disintegrating all the defenses of the nation. Never in history has America suffered so much misery from one single man — the despicable "President" Jimmy Carter!!!

Most Heroin Comes From Mexico

When people think of the growing drug traffic into America most think this problem originates in Asia. The truth is that the Mexican gang known as the "Herrera Family" brings in most of heroin we suffer from. Most of it is hauled in by illegal aliens. Thousands of American lives are ruined by this dangerous drug.

Police call it the "Mexican pipeline" and they haul some 11 tons of heroin to Chicago where it is cut and distributed nationwide. Other cities used by this gang for heroin cutting are Detroit, Cleveland and Aurora, Ill.

Indochinese Pour Into Georgia

Every state in the union is being given its share of the Asian garbage dumped by Carter's Administration. Some 2,500 are already in Georgia and more arrive at the rate of 250 each month, according to Dr. R. Keith Sikes, head of Georgia Health Department epidemic disease section. He said that he has found untreated diseases such as TB and hepatitis in many refugees.

Haitians Wrecking Beautiful Miami

To The Editor:

In their repeated advocacy of asylum for the Haitians, *Herald* editors, various community leaders, and members of the Miami and Dade County commissions have steadfastly ignored the tremendous and deleterious impact that this wave of illegal immigrants has had on the Buena Vista/Edison-Little River section of Miami.

As a *Herald* writer put it last fall in a feature article: This area has been turned into a "poor Haitian town."

The problems of our once-proud area include:

Doubled and tripled density in some areas. Thousands of illegally converted dwellings, often with many people in a single room. Thousands of junky large old cars choking the streets. Trash and garbage strewn on lawns and streets. Frequent building and fire-code violations. Pedestrians repeatedly using the streets instead of sidewalks, day and night. Pitifully inadequate sanitation, building, zoning, and law enforcement from the city. Contagious disease.

We've encountered dirty diapers and beer bottles thrown onto our property.

Recently, my children found a ritually slaughtered goat and two roosters by the F.E.C. tracks while walking to a friend's house.

Are we prejudiced or inhumane because we, the 50,000-70,000 residents of this section of Miami, do not wish to bear the brunt of the Haitian invasion — with all its attendant problems (80-90 per cent settled within a 200-square-block area) on behalf of the entire estimated 250 million people of the United States?

I recently returned from two weeks in India — a nation of 650 million. Everyone I spoke with thinks the United States is an earthly paradise — and would no doubt come here if admission could be gained.

Misled Ministers Urge — Take Cuban Criminals In Your Home

Ministers Misinterpret Bible In Favor Of Refugees

One of the most dangerous threats to the fight to stop colored aliens from overrunning America is the churches. In the name of modernism and liberalism many churches are sponsoring (financing) the settlement of colored aliens in America. This involves the members of a congregation in so-called "do gooder" work. Once they sponsor one family their sympathy naturally falls in line behind all colored immigrants.

The question we always ask these people is: *"Just where would you draw the line on colored immigration, half a million ?, 5 million ?, 20 million ?, 100 million?"* This is effective and people begin to realize that America could well become the most populous nation on earth passing up India and China with more than a billion people crawling over one another fighting for room and food. It would be the end of the world for us White people.

Evangelist Billy Graham has many followers yet many people do not know where he stands on specific issues. Usually he is on the left side and this is always true when the question boils down to race and integration. There are millions of Americans out of work and in need of shelter. Does not the Bible tell us the flood of "boat people" into America. Billy Graham then quotes the Bible about helping one's brother or sister. A close study of this passage proves that the Bible is talking about actual blood relatives.

Also, over and over again, the Bible condemns race-mixing, declaring that "'God set the bounds of habitation" for the different peoples of the world. Thus North America is a White peoples' land and the colored peoples of Asia and South America should stay within the bounds of their habitation. If their population explosion has ruined their country, why should we allow them to come here and destroy our nation?

Note that Billy Graham then has the audacity to urge the individual to join a church organization to actually help *"sponsor"* refugees and *"find them a home, employment."* There are millions of Americans out of work and in need of shelter. Does not the Bible tell us to help our own kind first? Yes it does, and it tells us not to allow our seed to be mixed with the unclean (inferior) races of the world. We must speak out in our churches strongly against this evil program of sponsoring colored aliens in our communities. Why bring criminals and decadent people into our communities? This is one way in which the enemy has brought race-mixing to America and has weakened the very foundation of this once great White republic.

Billy Graham

Plight of Boat People Challenges Everyone of Us to Seek a Solution

DEAR DR. GRAHAM: I have been concerned about the so-called "boat people" the last few months. What do you think we can do for them as individuals? —L.T.P.

DEAR L.T.P.: This is one of the great tragedies of recent years, and I believe we must do whatever we can to deal with this heart-breaking situation. The Bible says, "Suppose a brother or sister is without clothes and daily food. If one of you says to him, 'Go, I wish you well; keep warm and well fed,' but does nothing about his physical needs, what good is it? In the same way, faith by itself, if it is not accompanied by action, is dead" James 2:15-17, (New International Version).

Then it may be that your church could be encouraged to sponsor a family to come to this country and settle in your area. This would include many practical matters, such as finding a home, help in finding employment, and so on. But more than that, you would need to help them get adjusted to a completely different culture. This could be a practical way of showing Christian love.

Asian Threat

Indian's Asians Demand We Change Our Customs

England has experienced the problems we will soon be confronted with once India's Asians become numerous enough to exert political pressure. They settle in communities where they organize and demand that local citizens accept their weird customs rather than adopt ours. In London the Moslems and Hindus have demanded that some 1,100 schools follow their dietary rules. There are 28 foods they want removed from school lunches. They include bacon, ham, pork, hot dogs, liver, sausage, Luncheon meat, beef, chicken, lamb, pastry, hamburger, corned beef, ravioli, mincemeat, etc. They want to force a vegetarian diet upon White children. Asians also demand that potatoes not be cooked with roast beef because their laws require potatoes to be cooked in vegetable oil.

Thus the customs and ways of the Orient will slowly but surely be forced on Americans as the coloreds of the world grow and quickly become the dominant majority within our own country.

Welfare Costs Skyrocket

Refugees Flood Welfare Roles

Just as Cubans have taken over Florida the Indochinese are taking over large parts of California. Edwin Sarsfield heads San Francisco's Welfare Department. He says they cannot keep up with the flood of Asian applicants. Here is his report which found:

1) Over half the 10,000 Indochinese in San Francisco are on welfare. Some 400 new Indochinese arrive in the city every month. Carter's Dept. of HEW has ordered the city to place them on welfare within 45 days.

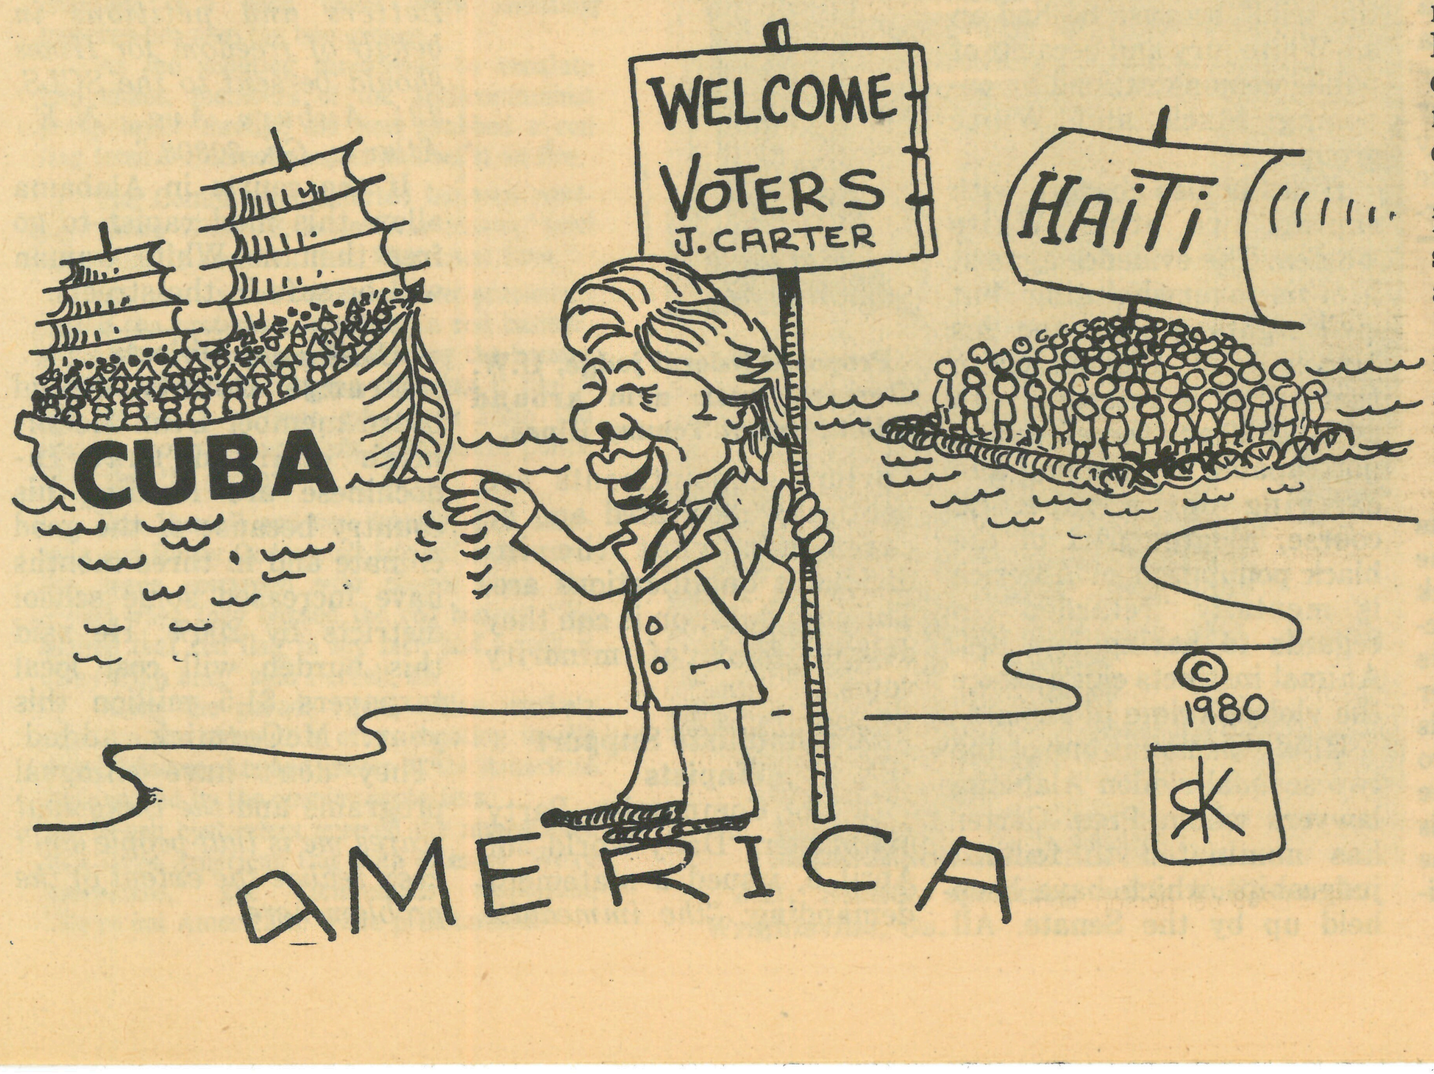
2) By the end of the year Indochinese will make up 25% of all those on welfare in San Francisco. Of the Indochinese moving to California from other states because they prefer the climate, 45% were not previously on welfare. Tom Malia of the Rescue Committee blames this on the fact that California pays higher welfare benefits and *"once they become addicted to the crutch of public assistance, it becomes a security blanket."*

3) San Francisco's welfare costs had stabilized at $5.7 million a year but now will jump to $17.5 million this year. Pres. Carter has asked Congress to approve a $4 billion increase in welfare just to take care of Indochinese immigrants he is bringing in at the staggering rate of 14,000 every single month with no end in sight.

4) Indochinese have been responsible for a 400% increase in welfare in San Francisco and for a 100% increase statewide in California. Nationally, 40% of all Indochinese are on welfare.

5) San Francisco is one of the most expensive cities to live in. Indochinese have created an apartment shortage but they are insulated against the sharp increases in rent because welfare pays up to 90% of their rent. Bilingual education for the Indochinese children, now numbering 2,500 and increasing in the city by 14 per month, is another big expense for the taxpayer.

6) Already over 600,000 Indochinese are in America. Nearly 200,00 have moved to California and some 90,000 of them are collecting welfare. Over 80% are ethnic Chinese being kicked out by the Vietnamese who have long held a deep-seated hatred for all Chinese. They refer to them as the "-jews of Asia" because they buy up all the businesses and are traders and money changers. Still many are illiterate in their own language. Po Wong runs San Francisco's Chinese Newcomers Center and says: *"Many are not trained for our society. They don't know how to use a bathroom, a shower, a stove, all things we take for granted."*



Carter Forcing Black Judges On South

Israeli Given Soviet Award

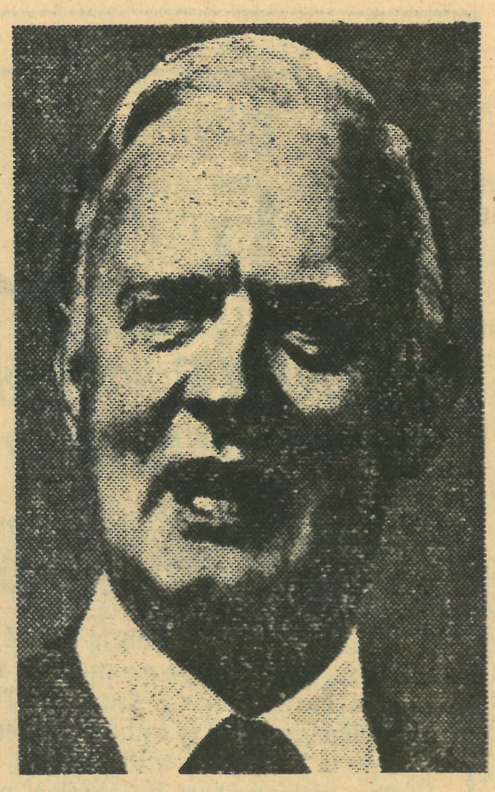
Meir Wilner is the Jew head of Israel's "New Communist Party" (Rakah Party) and attended a meeting of the Soviet Peace Committee in Moscow along with 3 other Marxist members of the Israeli Parliament.

Wilner was presented with the *"Friendship of Peoples"* decoration. He later said that formal diplomatic exchanges between the two Marxist countries was near at hand.

Rabbi At Communist Funeral

England's Ben Cohen was a lifelong active leader in the British Communist Party. It has now been revealed that he was buried by a rabbi despite the fact he was both a communist and an avowed atheist. He died during a plane crash in Cuba. The trip was part of his life long goal to personally visit every communist country in the world.

James Sheffield is Carter's choice despite scandal.



The Great Sen. Harry Byrd fights to save Virginia from Carter's "Second Reconstruction" of south.

Sen. Byrd Fights Quotas For Black Judges

Virginia's Sen. Harry Byrd, Jr., has refused to abide by Pres. Carter's demand that his state accept a negro federal judge. With reckless abandon Carter received support of Alabama's two liberal Senators (Heflin and Stewart) behind his nomination of negroes Fred D. Gray and U.W. Clemon to federal judgeships. Both have been involved in financial scandals and found *"not qualified"* to be federal judges by the American Bar Associaton. Still Carter persists in having them nominated. But, the Senate has still held up their approval.

In the past it has always been the understood rule of *"senatorial courtesy"* that a President would not appoint a federal judge without the approval of that state's Senators. Sen. Byrd set up a "merit commission" which submitted the names of 10 highly respected Virginians for the vacant judgeship. None were black so Pres. Carter went over Sen. Harry Byrd's head and nominated negro state Circuit Court Judge James Sheffield, 47.

Again Carter named another life time job to a negro whose background is tainted with scandal. Two years ago Sheffield had serious financial difficulties over unsecured loans he could not repay. He announced he would resign as a state judge but was persuaded to withdraw his resignation by Gov. John Dalton whose organization helped Sheffield repay the loans. Sheffield has also been a civil rights activist and once worked for the Civil Rights Divison of the Justice Department.

Sen. Harry Byrd said that Carter's two year campaign to force Sheffield upon Virginians has resulted in a "confrontation" which he will fight with every means at his command. Meanwhile Sen. Ted Kennedy, as head of the Judiciary Committee, said the nomination of James Micheal, Jr., a Virginia state senator to a federal judgeship would be held up until after Sheffield is confirmed by the Senate. Thus the black bloc vote continues to be more important to these two Presidential candidates than the best interest of the White majority. Sen. Harry Byrd is the only man elected as an Independent in the Senate and has by far the best right-wing voting record.

Carter Prepares Iran Sellout

Carter Has Acted Cowardly

Many military experts believe that the landing of U.S. troops in Iran was planned to be aborted so as to make it look as if the President was doing something to rescue our hostages. They say that 90 men were not enough to do the job. There should have been a 100% back-up in helicopters so that a loss of half of them still would have left the mission operational.

On the diplomatic front Carter vowed America would never surrender to blackmail by Iran. Truth is that is exactly what he has done. When Carter allowed the U.N. to set up a "Commission to investigate the crimes of the Shah" this included our support of his regime! Thus Carter agreed to allow the U.N. to decide our "guilt" on evidence provided by crazed thugs. The honor of America has gone down the drain as a miserable and slimy Carter now pushes the entire matter aside to campaign. He openly declared that the fate of the hostages is no longer important as it once was. While Carter campaigns he will quietly agree to admit at a later date to our non-existent "guilt" over the findings of the U.N.

This outrage is compounded by the continuing inhumane treatment of the hostages and especially by the deaths of 8 U.S. fighting men who died in another no-win situation just to make Carter look good. The big question of the hour is CAN AMERICA SURVIVE 7 MORE MONTHS OF CARTER RULE?

Colored Immigrants Want Welfare But Not Work

Mexian-American Legal Defense Fund president, Vilma Martinez issued a statement on Feb. 18 that illegal Mexians do not cause unemployment because they take work Americans do not wish to do. This has turned out to be false. In Miami large numbers of negroes have lost their jobs to Cubans. Growing evidence proves that most of these people prefer welfare to work.

London, England Social Service spokesman David Taylor says *"Indochinese with large families learn quickly that they can make more from welfare than from low paying jobs for the unskilled."* Taylor said all of them are disappointed they didn't get to go to America. They will not accept low-grade work because to do so would be to "lose face." While this is a poor excuse it certainly conflicts with Martinez claim that the colored flooding the U.S. all want to work.

Carter Nominee Defended Guilty Rapist

Rapist May Go Free

Alabama's case of negro Tommy Lee Hines, 27, who was given 30 years in prison for the rape of a White woman has been overturned by the Alabama Court of Appeals. They ruled he did not receive a "fair and impartial trial" because he had an all-White jury and because of public demonstrations by opposing black and White groups.

Hines is also charged with raping two other White women. The evidence against him is overwhelming but civil rights groups and his lawyer, U. W. Clemon, claim that Hines is retarded with an IQ of 39 and therefore was not capable of planning and carrying out a rape. Of course, a large part of the black population in America is mentally "retarded" in regards to having low IQs. Animal instincts can produce the violent crime of rape.

U. W. Clemon is one of the two scandal ridden Alabama lawyers whom Pres. Carter has nominated to federal judgeships which have been held up by the Senate. All

Proposed federal judge, U.W. Clemon, with arm around sadistic rapist Tommy Hines.

Carter's appointments are politically motivated and he cares not what the individual's qualifications are. The only question is can they deliver blocs of minority votes.

Communists Support Rapists

U. S. Communist Party newspaper, "Daily World," of April 6, issued a statement demanding: *"the immediate dropping of the trumped up rape charges against Afro-American Tommy Lee Hines. Hines was sentenced to 30 years in prison for rape. The anti-human Klan was responsible for the wounding of four Afro-Americans who demonstrated for Hines. Letters and petitions in behalf of freedom for Hines should be sent to the SCLS, 334 Auburn Ave., N.E., Atlanta, Ga. 30303."*

If the courts in Alabama allow this mad rapist to go free then no White woman will be safe in the streets.

California Objects

Orange County school board member Dean McCormich charged that Indochinese are flooding his country because of the good climate and in three months have increased some school districts by 200%. He said this burden will cost local taxpayers $1.5 million this year. McCormick added: "They don't have bilingual programs and *the thing that scares me is that people don't even realize the extent of the problem here."*

Negress For High Court

Barbara Jordan

Carter's Supreme Court Appointment

Negro "Jet Magazine" reports that Pres. Carter wants to be the first President to appoint a black to the Supreme Court. To accomplish this feat Jet says negress Barbara Jordan, former Congresswoman from Texas, is that individual. There are two very ill members of the Supreme Court so Carter may well get his wish — to the detriment of the rapidly dwindling White majority in America.

Boat People: Stormy Issue

By Abigail Van Buren

© 1979 by Chicago Tribune-N.Y. News Synd. Inc.

DEAR READERS: AMERICA FIRST wrote to say that we in the United States were foolish for taking in the "boat people." I disagreed.

Judging from the passionate response from my readers, I touched a raw nerve in a very nervous nation. My mail has been running roughly 200-to-1 in favor of AMERICA FIRST.

Some typical excerpts:

"Overpopulating is the basic cause of all the world's problems. Overbreeding Europeans took over America from the Indians. Are we going to let overbreeding Asiatics take over our country? We should help them only if they agreed to be sterilized!
MT. CRAWFORD, W.VA."

"I am sick to my stomach seeing our Navy planes and ships wasting our taxpayers' money searching for boat people.

We welcomed the Europeans who have similar lifestyles, but let the Chinese go where they can eat raw fish, rice, ride bicycles, live 20 in a room and smoke opium!
EL PASO, TEXAS"

"I have as much compassion as you concerning the refugees from Vietnam, but why must the United States take in as many as we can rescue? Some other countries have taken in a token few, but they are too practical to act as emotionally as we.
KAILUA, HAWAII"

"Now it is fashionable to open up our country to Vietnamese who are bringing more diseases with them than we have cures for. I think it's a Communist plot to destroy this country!
SHELBYVILLE, IND."

"The boat people have hit this country like flies, and we are paying for the cost of transportation, food and shelter! People say we have plenty of room in our country for them. I say, 'Baloney!' Why not send them in an unpopulated area
IRATE IN N.Y.C."

"Assisting the boat people is like the motorist who stops to pick up an attractive hitchhiker, only to have the husband, half a dozen kids, and aunts and uncles oozing out of the bushes for the ride. I'm with AMERICA FIRST; I haven't changed my name or my nose, and I am not anti-anything. Sign me. . .
PRO-WASP IN K.C., MO."

Immigration Attack On Three Fronts

America is being invaded by colored hordes on three major fronts. One is the Mexican border which brings in close to 1 million illegal aliens each year. Cuba is shipping us 500,000 or a million (who knows) of the worst of their population. They include habitual criminals, insane people, prostitutes and the sick.

Haiti and the other black dominated islands of the Caribbean are also flooding America with their excess population. Southeast Asia is shipping us 168,000 gooks annually over and above generous quotas that we give Korea, Hong Kong, Philippians and others in the Orient.

All of this is causing grave problems and is threatening the future survival of America as a nation worth living in. Pres. Carter says that we must "lower our sights" toward a lower standard of living. What he wants us to do is to be prepared to one day become a debauched "hell-hole" like Calcutta, India. There thousands live, eat and sleep in the streets. They defacate in the street and when the feces dry they use it like charcoal to cook food or provide for body heat. Starvation and disease is rampant in Calcutta and every morning the death wagon comes by to pick up those who died in the street during the night. This frightful image of the threat to our civilization from the Asian influx is now being forced upon America by Carter and his Marxist advisors who deem the creation of a multi-racial society as the best way to insure a tyrannical Marxist slave state for the future.

Problems Caused By Alien Invasion

Texans are faced with thousands of Mexican children who want to go to the public school. Adding them to the school rolls would cost Texas taxpayers over $100 million a year. This would force a drastic increase in the property taxes of citizens. Not only that but Mexican organizations are demanding bilingual education with the hiring of 1,500 more teachers who can speak both languages. Believe it, or not, but Carter ordered the Justice Dept. to join in the suit to force Texas to accept illegal alien children into the school system. Of course the obvious answer to the problem is to DEPORT ALL THE ILLEGAL ALIEN FAMILIES OUT OF TEXAS-PRONTO!

Majority Against "Boat Hordes"

How About A Poll On "Boat People"?

Normally when there is a problem facing the nation, the Gallup and Harris Poll organizations come out with information on how the majority thinks. A slight glimpse on how the majority feels about the hordes of coloreds invading our shores was found in a story by lovelorn writer Abigail Van Buren in her "Dear Abby" column. Her real name is Lederer (Jewess) and she is the sister of Ann Landers. Both support interracial marriage and the hauling in of endless numbers of refugees to America.

Please note the article on this page where Miss Van Buren (Lederer) says that her readers were against the boat people by a percentage of 200 to 1. This is the first time we have read such a poll. If our politicians knew how the people really stood on this issue, then we would be able to stir up enough people to force even the mentally ill Jimmy Carter to stop this invasion which is destroying our country.

Communist Back Alien Flood

It is ironic that while communist Castro is hurting America by tossing his "worms", misfits and negroes upon our shores his cohorts in the U.S. Communist Party are waging an active campaign for *"civil rights for undocumented workers."* Of course, this is the liberal cliche for illegal aliens, they are now supposed to be called "undocumented workers!"

Chicago, April 24, the U.S. Communist Party held a Midwest Coalition meeting to organize the fight for the "rights" of those who are here illegally. The communists demanded that illegals be made eligible for unemployment benefits. They opposed all suggested laws which would make it a crime for employers to knowingly hire illegals. Juan Solis, a lawyer for the Marxist Immigrant Legal Service said: *"We are also opposed to the green work card for temporary alien workers because it is a practice used by South Africa and Nazi Germany and makes these people feel inferior."* The conference ended with shouts of "Acceptance Yes, Deportation No!"

Fall of U.S. Civilization Predicted

Washington Gov. Dixy Lee Ray addressed the Hoover Institution and predicted that America was entering a *"dark age which will last for centuries."* She said America may have the shortest civilization in the history of the world. The Roman, Egyptian and Sumerian civilizations lasted thousands of years but America is slipping fast after being in existance for only 200 years.

Gov. Ray warned that *"Congress will not act until the lights go out. We are on our way to becoming an under developed country. In the near future, we may see the total collapse of our transportation system and, following that, total economic collapse. I do not believe the federal government will make one move to do a single effective thing about it."*

She blamed the problem on this *"ecological decade which is built on rhetoric and fear."*

Gov. Ray is right about the decline of our civilization but she is a liberal and refused to accept the real cause of this dilemma. The truth is that we have a rapidly falling White birth rate and a skyrocketing colored birth rate along with a massive invasion of coloreds from all over the entire world. These "have-nots" want to live on welfare paid by the "haves". When the numbers of inferior coloreds overwhelm us to the point where we can no longer support them our civilization will suddenly collapse. Thus open immigration is the first step towards DOOMSDAY FOR THE U.S.A.

Inmates from Castro's "New Dawn" prison for women are freed to enter America. Most are murderers or prostitutes.

Castro Spies In Refugee Banks

"The Miami Herald" reports that at least 20 Cuban intelligence agents are believed to be among the vast hordes of refugees Pres. Carter is allowing into the U.S. Another news announcement revealed that Castro closed down one entire prison allowing all its 2,000 habitual criminal inmates to leave for the U.S.

On this page we reproduce a photo of a shipload of female criminals, murderers and prostitutes, from Castro's "New Dawn Prison." There can be little doubt they will return to their criminal practices in America. Still Pres.Carter is asking church groups to arrange for families to take these dangerous people in and provide homes for them.

"Zebra" — New Book Details Worst Negro Hate Killings In History

By David Duke

The word "zebra" to most people would call to mind the striped, horse-like equestrians of Africa, or perhaps to some, the name of a well-known rock group, but to approximately 270 White people of California, "Zebra" meant disfigurement, torture, rape, and death, because "Zebra" was the name given to the most massive racist killings in American history. It is also the name of Clark Howard's exciting new book that centers on the tracking and arrest of one of the many groups of Zebra killers.

In late 1973, and early 1974, for 179 days, a group of Black males systematically murdered and maimed 23 White people. Their victims were primarily elderly, women, and children. Despite the enormity of the crime, few Americans know any real details about the crime, or even that it occurred. One can easily imagine the outpouring of outrage, and the powerful media coverage that would have accompanied the revelation that a White racist group was responsible for murdering or maiming 270 Blacks. Finally, after five years, the story is slowly emerging due to Clark Howard's excellent book that traces down the Zebra killers in a dramatic fashion.

One could easily imagine the outpouring of outrage, and the powerful media coverage that would have accompanied the revelation that a White racist group was responsible for the murder or maiming of 270 black men, women, and children.

A band of Black Muslims in San Francisco perpetrated the Zebra killings that Howard zeroes in on in his book. They alleged that White people were devils created by inbreeding controlled by a brilliant Black scientist thousands of years ago. To avenge past mistreatment of Blacks, they were instructed to kill as many Whites as possible to pave the way for a Black takeover of the United States.

"Kill White Devils"

Because a member's standing depended on the intensity of hatred he harbored against White people, and his lack of compassion for Whites, a point system was established in which the killer would receive higher points for the murder of a White woman or child than for an adult male. Once a candidate received a certain number of points, he could then become a "death angel." In the loft, the meeting place of the killers, death angels had wings drawn on their photographs pinned to the wall.

Here is a sample of Howard's reconstruction of a meeting's dialogue.

"The lessons are clear," the speaker said. His eyes were very wide now, the eyeballs quivering white globes that rolled over the faces before him. "The lessons say who the enemy is!"

"Right on!"

"Kill the grafted snake!"
"Kill it!"
"Kill the evil whites!"
"Kill them!"
"Kill the blue-eyed devils!"
"Kill! Kill! Kill!"

The chant was low, murmured, sloshing across the room like dirty water in a flooded basement. It came from mechanized mouths below mesmerized eyes, robotlike, hypnotic, uncontrollable.

Girl's Heinous Ordeal

ZEBRA goes into detail about the terror committed against Richard and Quita Hague. It more than adequately depicts the terror that so many White people have faced at the hands of Blacks imbued with racial hatred. Some of the more grisly and obscene sentences are omitted in the following quotes. Note: Yellow, Head, and Judo are the names of the Blacks who participated in the crime.

Yellow took Quita Hague by her thick, dark hair and dragged her from the van. She came out on her side and fell heavily to the ground. Yellow dragged her up to her knees, dragged her on her knees for several yards, then angrily, impatiently pulled her to her feet.

"Oh, please——oh, no——" she pled, choking and crying.

Yellow jerked viciously at her hair to make her keep up. She stumbled, staggered, almost fell. Her tied wrists were raw from the twine, her knees throbbing from falling on them and being dragged on them, her scalp a mass of pain as her hair was literally being pulled out by the roots. But she probably felt none of that agony because her entire being had to be laced with the terrible fear of impending death. She could see a machete in Yellow's hand. She must have known what he was going to do with it.

Yellow grabbed her by her hair again and dragged her across one of the rails. When he let go, a handful of hair came out, entwined in his fingers. Yellow stared at it in revulsion; he frantically shook his hand until the hair came loose and drifted to the ground.

"Now your head is mine, white devil," Yellow said,

"Oh, please——oh,no——"

It was the last time Quita would beg for her life.

Yellow raised the machete high in the air and brought it down with all his strength upon the throat of Quita Hague.

"I did it! I did it!" Yellow shouted triumphantly. He threw his hands in the air, still holding the bloody machete, and did a brief victory dance. It was, Judo thought, not unlike the quick little dances that football players do in the end zone following a touchdown. Judo stared at Yellow's wild-eyed, frenzied grin. "You ought to see the blood gushing out of that devil's neck!" Yellow said. "It's wonderful, wonderful! I got to get a picture of it!" He shoved the machete into Head's hand and ran around the van. From under the driver's seat, he removed a Polaroid camera with flash attached. He hurried back to the railroad spur with it.

Head stared at the bloodstained blade he held. "Blue-eyed devils," he muttered. With sudden ferocity, Head reached in with the machete and hacked at the unconscious Richard Hague's face. He hacked twice. Three times. Then drooling slightly over his puffy lips, he dragged the limp form out of the van and across the ground.

When Head approached the railroad spur, he saw a flashbulb explode. Then another. Yellow taking pictures of his kill, he thought. As indifferently as if he were chopping wood, Head began hacking away at Richard Hague's face.

As Yellow stepped back across the tracks, he saw Head still hacking away....

As their car passed the intersection of Minnesota Avenue, the Battenbergs saw a figure lurch from the shadows and stagger toward the street.

"Looks like he's drunk," said Beverly Battenberg.

"Looks like," her husband agreed. Then John Battenberg took a closer look. "Wait a minute. That man's hands are tied behind his back——"

It was Richard Hague.

In shock, badly hacked about the face and head, Hague had done the incredible: he had clung to life, struggled to his feet with hands still tied, and set out on foot looking for help for his wife.

Battenberg was appalled at what he saw. Richard Hague's head was horribly mutilated. The flesh had been hacked open down to bone. His skull was open and exposed. Ghastly strips of skin hung from his face, dripping steady rivulets of blood. He was muttering incoherently.

The terror experienced by Mr. and Mrs. Hague was only the beginning of the Zebra killings. For the next 179 days the black murderers left a trail of mutilations, cripplings, and death. Frances Rose's face was blown apart by close range gunshots. Nineteen-year-old Neal Moynihan was shot down while taking a teddy bear to his ten-year-old sister. A White man of unknown identity was kidnapped, taken to the loft, stripped naked and slowly tortured to death by a dozen of the Zebra killers. They urinated on his tied and gagged body, and then proceeded to slowly cut off parts of his body, finally decapitating him and throwing his remains in the San Francisco Bay.

While all this was occurring, Blacks and liberals in San Francisco government and media were steadily maintaining that the murders were not the work of black racists. When the police attempted to follow leads into the heart of the black community, black organizations denounced the police action as racist. Incredibly, in response to a lawsuit placed primarily by blacks and Jews, Operation Zebra was declared unconstitutional. An extremely fortunate turn of events, however, finally cracked the case.

The Zebra killings should clearly indicate to all Americans the deep-seated hatred toward White people that exists in many parts of the black community, a hatred that is fanned and inflamed by television programs such as "Roots" and "Freedom Road." If White people dare to possess any ill feeling toward blacks, they are taught to feel guilty, while blacks are taught that it's only natural to feel hatred toward their alleged White oppressors. The following is a very pertinent and eye-opening dialogue in Zebra, it is as follows:

"Aren't you afraid to go out alone at night, Tana?" the co-worker asked. "The way those niggers have been shooting White people on the street?"

Of course not," Tana replied in a cool tone. "And I really don't appreciate the use of the word 'nigger.' If you mean 'Negro,' please pronounce it properly."

The co-worker had been piqued at Tana. After all, Tana was a Southerner. But Tana Smith could have cared less about the woman's pique. She had believed in and spoken out for the civil rights of blacks long before it became fashionable to do so . . .

Tana Smith, six blocks from home, was on her way to the fabric shop. Her thoughts were probably on the type of material she planned to buy and the pattern of blouse she would make. There were so many styles she could wear now that she had slimmed down——

Skullcap walked up behind her, raised the gun, and shot her twice in the back.

Tana hit the sidewalk hard. She was clutching her abdomen and moaning. "Oh—oh—I'm hurt—I'm hurting——"...

Tana Smith, the first to be shot, (that day) was the third to die that night.

Rox Ann McMillian, paralyzed for life by senseless Zebras.

San Jose, Calif. — AP — Two bullets from the gun of a "Zebra" killer shattered RoxAnn McMillian's life as a healthy young woman with a happy marriage and a new baby.

Now, more than two years later and her marriage broken, she faces life from a wheelchair, raising her son alone.

"People say, 'Oh, you're so strong.' But you don't have a choice. You either handle it or hide in a closet or lie in bed all day. Besides, that little kid, he keeps me going," Mrs. McMillian, 24, said in an interview.

Her son Leon was four months old when his mother was shot.

"I get sad sometimes, when I see other mothers carrying their kids, playing with them in the swimming pool, walking with them along the beach," Mrs. McMillian said.

One of the Survivors

She was one of seven victims to survive the random "Zebra" attacks on whites that terrorized San Francisco two years ago, leaving 14 persons shot or stabbed to death. Four black men were convicted of some of the murders earlier this year and are serving life sentences.

"I got shot because I was white. What had I ever done?" Mrs. McMillian said.

A police officer told her the four men probably will serve 20 years in prison.

"That's not too long," she said. "I'll be in this wheelchair probably longer than 20 years. None of them will ever suffer as much as I did."

Just Said Hi

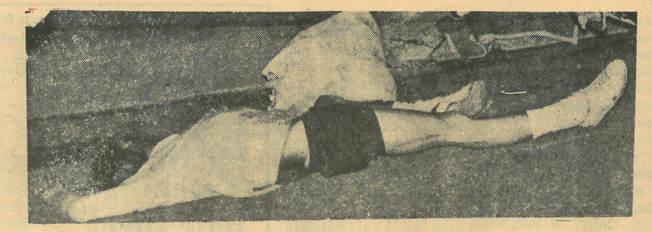
She was walking to her new home on Jan. 28, 1974, after buying some sheets. A man said "Hi" as he passed her. She said "Hi" back and started up the steps. He shot her twice in the back, and one bullet passed through her spine.

Since the shooting, she has undergone major surgery five times and minor surgery many times.

Her husband John said he felt nearly as crippled by the tragedy as his wheelchair bound wife. He had trouble holding a job, and finally the pain and pressure ended their marriage.

Mrs. McMillian receives $400 a month from Social Security, half of which goes toward rent. Her huge medical bills have been paid by state supported medical insurance programs. She also gets help from her family and her husband's family.

"It was the whole idea of accepting the fact that she wasn't like that when I married her," McMillian said.



Police photos of innocent victims.

Body of Nelson T. Shields, IV, lies in street after he became 12th victim of San Francisco's "Zebra" killer or killers. Son of a DuPont Corp. executive, he was arranging athletic equipment when shot from behind.

...Richard Hague's face was horribly mutilated. The flesh had been hacked open down to the bone. His skull was open and exposed. Ghastly strips of skin hung from his face, dripping steady rivulets of blood...

LINDA STORY
She was shot

Survivor

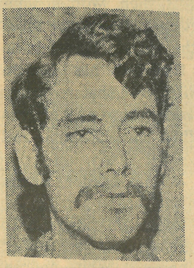
"I saw the man turn the corner of Webster street and I recall him passing us," she said. "I turned to Tom to say something and then I saw the guy with the gun in Tom's back. He fired the gun. Twice.

"Then I was shot. He came right over and shot me, twice in the lower back."

She said that as she fell to the sidewalk on Geary boulevard her eyes met those of her assailant, and all she could see was that he was a black man.

The murder of Rainwater, then 19, and the assault on Miss Story took place the night of April 1, 1974. Rainwater's death was the 13th random slaying in four months; Miss Story was the fifth person to be shot and survive.

The young religious worker limped to the witness stand. She said under questioning by Assistant District Attorney Robert Dondero that one of the bullets lodged in her spine.



WARD ANDERSON
Shot on Easter Sunday

Then a black man approached on Hayes—a man Anderson identified in court as Manuel Moore, one of four young Muslims accused in the random street murders of the winter of 1973-74.

The man's response, Anderson said, was "a grunt, not yes or no, more of a noise, a grunt."

Questioned by Asst. District Attorney Robert Dondero, Anderson said the man then walked into the bus zone and looked both ways on Hayes.

"He turned around and walked back on the sidewalk," Anderson continued. "He shot me, twice. He was standing behind me somewhere. The shots were in very close succession, pow, pow.

"I fell. I saw the man run over and shoot Mr. White and run around the corner."

Anderson recovered from wounds in his liver and kidney after surgery

Calif. "Liberal" Destroys Thunderbolts

Liberal Brags He Destroyed Thunderbolts

"The Long Beach Independent Press-Telegram" is a typically liberal California newspaper. This paper sells its editions in newsracks on the streets of Long Beach. We are sure that the Independent Press Telegram would be extremely upset if its newsracks were robbed or their papers stolen. In fact, most publications would promptly prosecute such offenders.

Thus we were amazed to read the confession actually printed in the May 4 issue of "Press-Telegram" where their chief columnist, Frank Anderson, brags he stole 16 copies of *The Thunderbolt* and dumped them in a trash can! If we wanted to go to the trouble, we could use this as evidence to have Mr. Anderson arrested, and thrown in jail. Of course the distance between Marietta and Long Beach make prosecution prohibitive but we do believe that the double standard in the beliefs of liberals has been clearly exposed in this case.

No doubt Anderson and the "Press-Telegram" oppose censorship, book banning and claim they believe in free speech. But their hypocrisy is thoroughly revealed when they admit to going around destroying newspapers distributed by local Patriots who want our side presented to the people of Long Beach. The public should judge for themselves who is right and who is wrong. Frank Anderson and his paper have proven themselves enemies of the basic freedom which allows them to print and circulate their own newspaper.

In the meantime, we urge supporters to continue the work of distributing *The Thunderbolt* to new people nation-wide. The truth sure hurts. Anderson's dispicable and illegal actions prove this fact.

Trashing the hate sheet

Those who foment hate have grown bolder in recent months. They have now ventured to display their editorial rot atop coin-operated newspaper vending machines, thus getting a free ride at the expense of responsible journalism.

But they are not without casualties.

Last week, I aided and abetted a young man wearing a red-and-gold USC jersey in trashing a paper called the Thunderbolt. Neither of us felt that the act trampled on the constitutional guarantee of freedom of the press. We were merely dousing a firebrand.

It happened in front of the Lucky Market at Spring Street and Palo Verde Avenue. The young man and I were astride our bicycles, peeking through the glass window of a Press-Telegram vending machine for a freebie look at the banner story in the final edition.

Our hands, resting atop the news rack, brushed against a stack of tabloids, printed in screaming red and black and bristling with exclamation points. The name Thunderbolt was bracketed by lightning flashes,

Racial slurs leaped from the cover page and seared our minds and memories with their ugliness. Reading the vicious words was like being kicked in the stomach by a jack-booted storm trooper.

I turned to the young man in the USC jersey, saw the anger in his eyes, anger matching my own.

"Let's give this filth the deep six," I said. "It fouls this city."

The young man swore softly and said, "I'm with you, man. Let's junk it. I've got personal reasons for hating material like this."

The young man and I dumped the Thunderbolt in the haulaway trash bin at the rear of the market, all 16 copies. Then we shook hands and rode our separate ways.

Words really don't matter, for the Jewish young man and I pray to the same God. He understands.

Zebra Murders —

(Continued from page 9)

As most good works of literature have a flaw, so does ZEBRA. In order for the book to be published at all in the anti-White New York publishing establishment, Howard must offer a concession, a sacrificial lamb to racial equality. In his forward he compares the Zebra killings to but certainly Mr. Howard is not equating the lynching of black terrorists in the lawless anti-White period of Black Reconstruction to the random killings of completely innocent men, women, and children by a sect that placed the most prestige upon the child killer? The undeniable fact is that there has been no White racist act of terror that remotely approaches the Zebra terror that was visited on 270 White men, women, and children.

Zebra type killings against Whites are not over. One only has to pick up the newspaper in any major American city to read about some grisly crime perpetrated by blacks upon innocent White people. A good example is the plague of rapes committed against elderly White women in their homes. These atrocious acts almost never occurred before the massive media campaign of flammable anti-White propaganda that was, and still is being heaped upon the black public.

Despite Mr. Howard's obligatory forward, Zebra was not something that could have been committed just as easily by Whites. It was a crime committed by a certain kind of human being exposed to a particular kind of propaganda. Both ingredients were absolutely neccessary, and both are still in abundance in America. When Americans become more aware of both, perhaps then they will act to eliminate the growing plague of Zebra-type black racist attacks.

Total Of 270 Zebra Victims

Quita Hague, hacked to death.
Richard Hague, his face butchered.
Ellen Linder, raped, ravaged, threatened with death.
Frances Rose, her face blown apart by close-range gunshots.
Saleem Erakat, tied up and executed.
Paul Dancik, shot down at a public telephone.
Arthur Agnos, surviving after his insides were ripped up by bullets.
Marietta DiGirolamo, thrown into a doorway and shot to death.
Ilario Bertuccio, killed while walking home from work.
Angela Roselli, surviving with nerve damage in her back.
Neal Moynihan, shot down while taking a Teddy bear to his little sister.
Mildred Hosler, shot down while walking toward her bus stop.
John Doe No. 169, kidnapped, tortured, butchered, decapitated.
Tana Smith, murdered on her way to buy blouse material.
Vincent Wollin, murdered on his sixty-ninth birthday.
John Bambic, murdered while rummaging in a trash bin.
Jane Holly, murdered in a public Laundromat.
Roxanne McMillian, surviving but paralyzed from the waist down.
Thomas Rainwater, shot down on the street as he walked to a market.
Linda Story, surviving with nerve damage in her back.
Ward Anderson, surviving but in serious condition after being shot down at a city bus stop.
Terry White, also surviving, also in serious condition, after being shot down at the same city bus stop.
And Nelson Shields IV, shot three times in the back as he was straightening out the cargo deck of his station wagon.

The one hundred seventy-nine days of terror had ended. The Zebra killers had assaulted twenty-three persons on the streets of San Francisco.

Only eight had survived.

Fifteen had been killed.

This is a record of the White people killed or maimed by Zebra assassins in the City of San Francisco alone. Throughout the State of California a total of 270 White men, women and children were murdered, maimed or crippled by these cult killers. Yet as horrible as the Zebra killings were, they represent but a tiny fraction of the violence that is daily perpetrated by Blacks against Whites.

May Day Reds Meet Strong Resistance

By Steve Johnson and Beau Cutts
Constitution Staff Writers

A march and rally in downtown Atlanta Thursday by 39 members of the Revolutionary Communist Workers Party erupted into fistfights and heckling with a much larger crowd of counter-demonstrators, and ended with 13 of the Communists under arrest.

Police information officer Roger Harris said the 13 who were arrested — all apparently affiliated with the RCWP group — were variously charged with obstruction of traffic, violating city noise ordinances, interference with a police officer, littering and jaywalking, all city misdemeanor offenses.

They were outnumbered by about 50 right-wing, anti-communist demonstrators and more than 100 policemen wearing riot helmets and carrying nightsticks.

The rally got off to a mild enough start, but quickly erupted into confusion and near-violence as the anti-communist group pushed closer and closer to the communist demonstrators.

It started when Vincent Sakraida, an observer clad in a T-shirt with "Capitalists Make Better Lovers" printed on it, began shouting at the demonstrators. Chants from the protesters of "We're Not Americans, We're Proletarians" were drowned out by choruses of "Better Dead Than Red" and "We Love America."

The anti-communist demonstrators became more and more frenzied in their chanting, and soon there were shouting matches between the two groups.

As the shouting threatened to escalate into chaos, members of the anti-communist group broke through the line, grabbed a red flag from the demonstrators and set it on fire.

The Communists unfurled banners reading "Down With U.S.-Soviet War Moves," and "Our Flag Is Red, Not Red, White And Blue."

At one point, the counter-protesters rushed the protesters, grabbing a red banner, and when the wooden stick holding the banner cracked, a protester began swinging it like a club. A spray of tear gas came from the counter-protesters and fists flew before police separated the groups.

Dan Purcell and two friends, Jim Thurman and Rocky Godrey, all laid-off auto workers, were rewarded with cheers from the crowd when they burned the red banner. "He pushed that red flag in my face and I took it away from him," said Purcell, 22.

Along the parade route, office workers came to the sidewalks, often shouting insults at the Communists and cheers at the American flags waved by the counter-protesters.

When bystanders greeted the appearance of a large American flag with cries of "We're Americans," the Communists responded, "We're not Americans! We're proletarians!"

"Now, for the first time, the red tide is sweeping across your backyards," Ms. Francis said. "Capitalist, beware, your gravedigger has arrived."

Most of her speech was drowned out by the right-wing hecklers, who yelled "Commie fag" and "Commie go home" over and over again. Ms. Francis, in turn, called the anti-communists "flag-waving Archie Bunkers."

After about 20 minutes of such political rhetoric, the communists piled onto a flatbed truck and drove away from the anti-communist tormenters.

Bell said the quick getaway had been planned by police Maj. W.W. Holley "when he saw there might be some problems. He worked it out with the leader of the group."

City officials had police out in force for fear that groups like the Ku Klux Klan would cause outbreaks of violence.

"The concern all along was not the Communists, but groups like the Klan and how they would react," said Angelo Fuster, a spokesman for Mayor Maynard Jackson. "That was the main concern. Those people do carry weapons."

Patriots Crush Red May Day March

The Revolutionary Communist Party (RCP) is the most radical and violent communist party in America. This May Day they took a beating and a defeat nationwide. The communists had claimed that thousands of workers would walk off their jobs and join their march. Well, your editor and fellow States Righters went down to observe the communists.

Not long after the communists gathered with their anti-American signs and red flags, crowds of Patriotic students, office workers, and passersby joined in a large anti-communist demonstration. It was spontaneous and the communists were only saved by tight police protection. We can truthfully say that not one single "worker" or anyone else left their job to join the communists. When the march was over the police arrested 13 of the communists. None of the Patriots were arrested. It was a very enjoyable May Day for all of us who saw the Reds go down in ignominous defeat.

There is one picture on this page which shows your editor (Dr. Fields) in the middle of the Patriots telling the communists exactly what he thought of them to their faces. The newspaper article reproduced on this page gives all the details and proves that the man in the street was on our side and not on the side of the communists. It was indeed a great day for our side. It let us release a bit of pent up tension that comes from fighting communism these many long years.

Rape Rampage

Editor, The Thunderbolt:

A few months back the "*Atlanta Constitution Magazine*" had a story called "Cry Rape", which told of the ordeal of a girl in Atlanta who was raped by a negro. The article gave statistics that nearly 700 women reported being raped last year in the city of Atlanta; using the statistics that nine out of ten rapes are never reported, you get the fact that 6,000 women in Atlanta were raped last year! The article says further that it is difficult for a prosecutor to get a conviction of rape of a white female because most blacks on a jury will refuse to find their accused fellow black guilty.

NSRP Rally

Stoner Leads Whites

Wrightsville, Ga. has been the scene of black marches led by Rev. Robert Lowery and Rev. John Martin. They want special privileges which would take jobs from White workers. National States Rights Party Chairman J. B. Stoner traveled there and held two White people's rallies demanding that White Rights be maintained.

Mr. Stoner spoke to a large and enthusiastic crowd which was very happy about his coming to lend a helping hand. He passed out Confederate flags to his supporters. When the blacks marched through town they were shocked to be met with a sea of Whites waving Confederate flags. Stoner spoke from a bull horn and told the Whites to stand united together and they will never be defeated by the black agitators. Since that date, the black marches have dwindled down to nearly nothing.

Rough Time For Reds In Other Cities

Revolutionary Communist Party May Day campaign was a severe setback for the commies. In city after city they were smashed by anti-communists and police who are sick and tired of having these scum call them "pigs."

Los Angeles — 30 communists were arrested after a club-swinging confrontation with the police.

Detroit — 15 communists were arrested when they sought to recruit students at two high schools. Rather than joining the Reds, the students chased them down the street, threw rocks at them and overturned their van. No students were arrested.

Chicago — 12 communists were arrested for fighting with police at a downtown rally after refusing to follow orders.

Seattle — 75 communists sought to recruit students at Garfield High School but were chased by students throwing rocks, bottles and chunks of concrete. They chased them for several blocks and broke out all the windows in their van. Students grabbed several Red flags and set them afire. No one was arrested in this incident.

Cleveland — Reds were also greeted by hecklers who hurled stones, bricks and eggs. There were no arrests.

Charleston, W. Va. — Over 300 Patriots broke up the Red parade attacking them with clubs. One commie was sent to the hospital and the police had to rescue the Reds. And until next year — HAPPY MAY DAY, COMRADES!

Future Kennedy Dictatorship

Kennedy Wants Super Powers For FBI

Whenever a society is breaking down to economic disaster and clashes between growing belligerent minorities those who control the government of that nation want more power to the police and subjugate the people. Thus "Chicago Tribune" writer Jack Mabley revealed the details that Sen. Ted Kennedy has proposed in his Senate Bill #1722 which provided for the following:

1) Using tricks to avoid FBI surveillance, giving the FBI a misleading statement, would be punishable with up to 5 years in prison and a $250,000 fine. (Note Kennedy's proposed fines are designed to keep up with rampant inflation which is planned for our future.)

2) Investigative journalism would suffer because revealing corruption or wrongdoing in government would be punishable by 2 years in prison and a $250,000 fine.

3) Freedom of speech and press is threatened by the provison against writing or speaking which might *"incite insubordination"* against the government, 5 years in prison and a $250,000 fine.

4) To interfere with the performance of a government agent or block an entrance to a federal building, avoid a marshal serving a subpoena, or holding a rally in violation of a court order could bring 1 year in prison and a $25,000 fine.

Kennedy's bill would allow a judge the power to deny bail on almost any federal criminal charge (which is a violation of the constitution.) This would be undermining the principle that a person is innocent until proven guilty. We thank columnist Jack Mabley for this highly revealing information.

Many people believe that Ted Kennedy wants a powerful combination of Asians, Mexicans, Cubans, Negroes and Jews along with ultra-liberal Whites to make up a majority by 1984 which will be enough to allow him to be elected President. This is one reason he has spent most of this campaign in minority districts. In fact he spent most of his time in the Texas primary campaigning in Mexico! Thus he would like to sneak this bill through now for his personal use in 1984 as a militant dictator over a nation prostrated and divided by minorities fighting one another. The House version of this evil measure is HR 6233.

West Forces Communism On Southern Africa

Editor, The Thunderbolt

Through the years it has been maintained that the world discriminates against South Africa because she practices racial discrimination and refuses to give the vote to members of other races in areas traditionally regarded as White areas. In South-West Africa all discrimination is being abolished and all the inhabitants are being given the vote. This has led to a Marxist takeover in Rhodesia.

Everybody in South Africa must realize that no concessions which are made to satisfy the so-called world opinion, the United Nations, Israel or the leaders of the West, will make any difference whatsoever to the war against South Africa. One-man one-vote did not bring international recognition in Rhodesia until the communist terrorists took over. In South Africa's case, one-man one-vote will not bring any de-escalation of the attack against us either. South Africa must realize that she has no friends among the rulers of the countries that were traditionally her friends. On the contrary, these rulers may be even more dangerous than our declared enemies, because it is they who may, under the guise that concessions that will enable them to support us, persuade South America to implement changes that will be disastrous for our survival.

If South Africa grants equality and the vote to all and sundry, this will not do anything to reduce the onslaught. If we yield to terrorism and became a communist dictatorship, America will not hesitate long to change enmity into friendship. There is no objection to communism, to Russia and Red China and, nearer to our borders, Mozambique and Angola. But there is objection to negro Transkei because Transkei is not communist and to South-West Africa which is not communist. And as long as they are not communist, the so-called anti-communist rulers in the West will continue to be pro-communist-terrorist.

The West deals with Soviet Russia as though the threat of communism is something that can be combated by concessions, and avoids confrontation at all levels. As far back as the end of the Second World War, when Russia's military power was almost insignificant compared with that of America, Russia was permitted to occupy a large part of Europe, and she has subsequently conquered further territory without any protest worth mentioning being raised against the manner in which all resistance was bloodily crushed.

In Africa, states such as Angola and Mozambique were seen to be taken over by Marxist minority groups without any opposition from the West and there are obvious signs that there was not only no opposition from the West, but in fact encouragement and aid for the Marxist terrorists in their onslaught against Rhodesia, South-West Africa and South Africa.

Marxists Use Refugee

Colored Immigration Breaks Down Society

Editor, The Thunderbolt

The U.S. is being invaded by Haitians and other undesirable colored races from all over the world. They pose as "refugees" when what they really are seeking is welfare handouts and economic improvement. One of the main reasons for these immigrations is the fact that U.S. foreign policy is carried out by Jewish forces who control the Government and have sided with communist and left wing governments all over the world allowing at least 2/3 of the world to go communist. Examples, Nicarauga, Cuba and many others. As this communist takeover continues, there will be more political and economic refugees coming to this country mostly of colored or Asian extraction. In several areas of the country they can already elect their own government, or swing the elections, mostly to Marxist democratic candidates. The country will be polarized politically as time goes on, creating a conglomerate group of unassimilable ethnic groups in the USA and destroying the country eventually, as this disunion progresses. The White race is rapidly being exterminated through mongrelization and outbreeding as has happened in so many civilizations of white people who have been invaded by colored groups on past history. Once more, the vote snatching politicians are encouraging the acceptance of illegal aliens as the immigration laws of the USA are being violated. I do hope that we are successful in stemming the tide of these undesirable half breeds, and to put pressure upon the Government to discourage the entry into the United States these nations destroying breeds of people who will disunite the United States politically and racially.

Yours for a racially pure white America,

Mexican Terror In U.S.

Mexican Crime Suppressed By Press

Editor, The Thunderbolt:

The main reason I'm writing you is to call your attention to what MUST be the largest single problem facing the United States today. Not Russia, not Iran, not inflation, not oil prices, BUT ILLEGAL MEXICAN ALIENS. These 'animals' and they ARE animals, no education, no morals, no scruples are just LITERALLY OVERRUNNING this country. They ARE, as a matter of record, MURDERING U.S. CITIZENS DAILY — raping White women by the HUNDREDS — and NOTHING is being done to STOP IT . . . POLITICIANS try to IGNORE it — REFUSE to take ANY ACITON.

MOST of the crimes committed by these MEXICANS are KEPT OUT of the newspapers here in Arizona AND in California, also in other states as well — WHY ? ? ? For example — just this last week — three young ILLEGAL alien Mexicans walked into a barber shop in Phoenix, Arizona, in the middle of the afternoon, in front of 3 White witnesses, and shot the White barber to death in cold blood. They DID catch the 3 Mexicans right away because Mexicans are ALSO STUPID. The reason they gave police for killing the White man was "he ONLY has $50 and we wanted MORE". CAN YOU BELIEVE THAT ? ? ? This particular crime DID NOT EVEN MAKE IT INTO THE PHOENIX NEWSPAPERS! ! ! !

I cite here just that one crime. They are committing HUNDREDS OF GHASTLY CRIMES DAILY — MURDER, RAPE, ROBBERY, what have you, Mexicans are doing it!!! A rotten Mexican RAPED and STRANGLED an EIGHT YEAR OLD White girl in Phoenix and buried her body in a shallow grave NEAR HER HOME. Did they execute this 'ANIMAL' Mexican? ? Hell, NO, they didn't. They didn't do ANYTHING to him. The Jew judge ruled the Mexican was insane and the last I know the Mexican is being fed and clothed, FREE MEDICAL, etc. compliments of the taxpayers of this State of Arizona (instead of being ELECTROCUTED as he should have been). This leniency by Jew judges to Mexicans and Niggers who commit heinous crimes goes on all the time.

These Mexicans are simply 'rolling' across the border from San Diego to McAllen, Texas. 2,000 miles, by the thousands EVERY NIGHT. EVERYBODY IN WASHINGTON: including ol' Barry Goldwater, Jimmy Carter, Senator from California AND TEXAS — I send them ALL THE DATA I CAN GET as to ESTIMATES etc. by state police and border patrol, they tell me "There's NOTHING we can do." The HELL there isn't! What they really mean to say is "There's NOTHING we WILL DO ! ! ! ! ! !

As nearly as I can find out, there are approximately 20 MILLION ILLEGAL Mexicans in this country today (most of them in Arizona, California, Colorado, Texas and N. Mexico) with a large amount also in Oregon and Washington. 98% of Mexicans are on welfare and food stamps!

Racial Situation In Portugal

Editor, The Thunderbolt:

If you visit Portugal please try to see the North and North-Center. I hear that Lisbon and the Tagus River Valley have recently received many Black refugees from the lost African colonies. But despite what you may have read, the South of Portugal has never had a Negro influence (unless it has happened since 1975).

Believe-it-or-not, the Azores Islands and Madeira are utterly Caucasian. They have a hardy, hard-working, frugal, no-nonsense people. The Cape Verdes, *far* to the south, off Dakar, are apparently Jewish-African and are now an independent nation which has fallen into decay.

I hope you can visit Brazil soon. Please try to see the South and Center first! The Amazon is mixed Indian-White. The Northeast Coast is mostly Negro with a White upper-class. But Central-South Brazil is heavily European, except for some rural zones of the Rio Grande do Sul pampa-land, where many black people have poured in.

Brazil is having a racial census this year! The blacks have demanded it. I will be astounded if Whites number less than 50 million out of 125 million. We shall see. My best, crude guess is:

Whites	60 million
Blacks	20 million
Mulatoes	40 million

The Portuguese language is heavy, guttural, nasal. Latin in form but with a Germanic or Celtic pronunciation influence. Both the Celts and Swabians settled heavily in NW Spain and Portugal before Roman times.

Negroes Destroying Wild Life In Africa

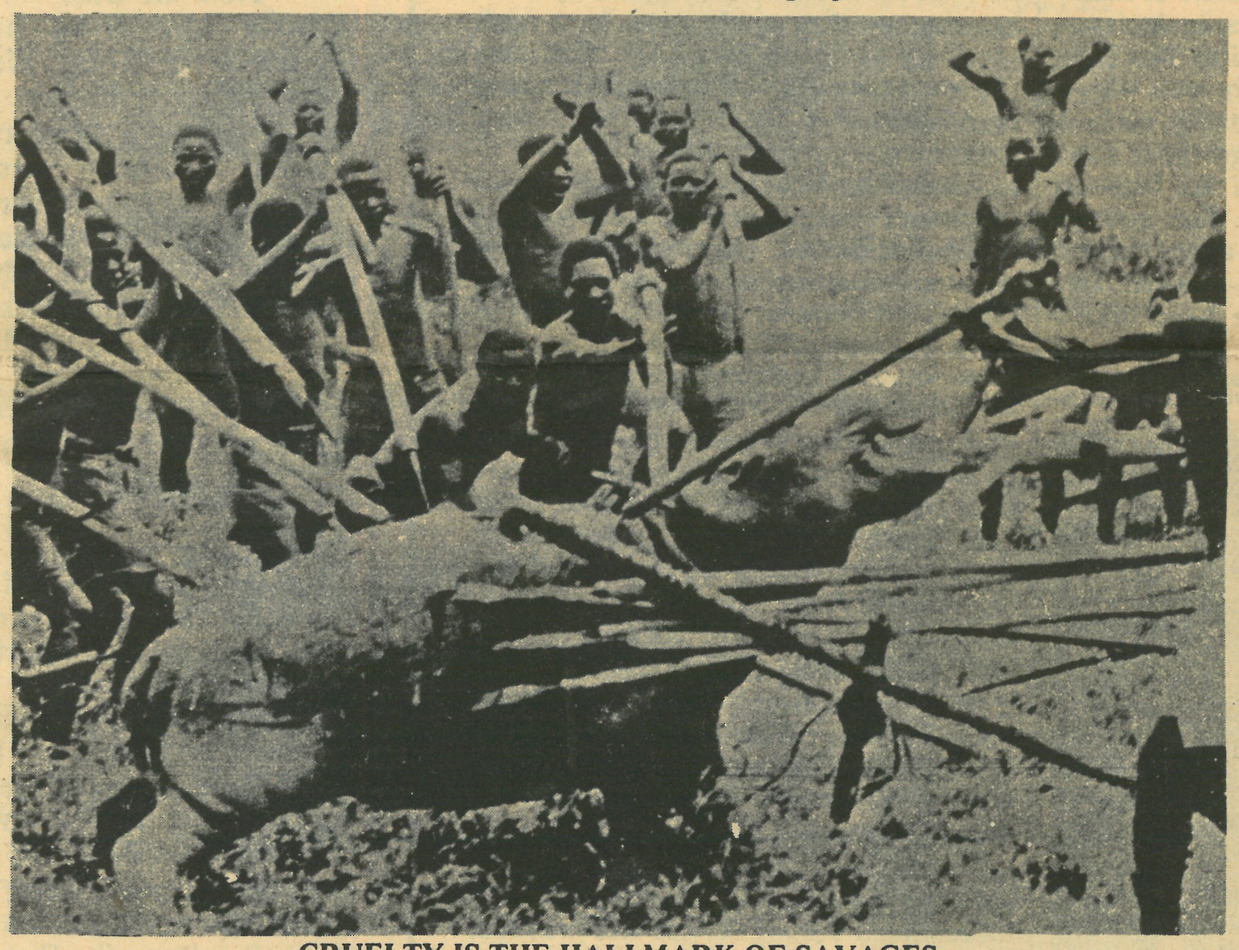
PETER BEARD

Portrait of a dead six-month-old fetus taken from a cow elephant that had been shot in Kenya

The great elephant will become an extinct species as negro poachers slaughter them for tusks and bones.

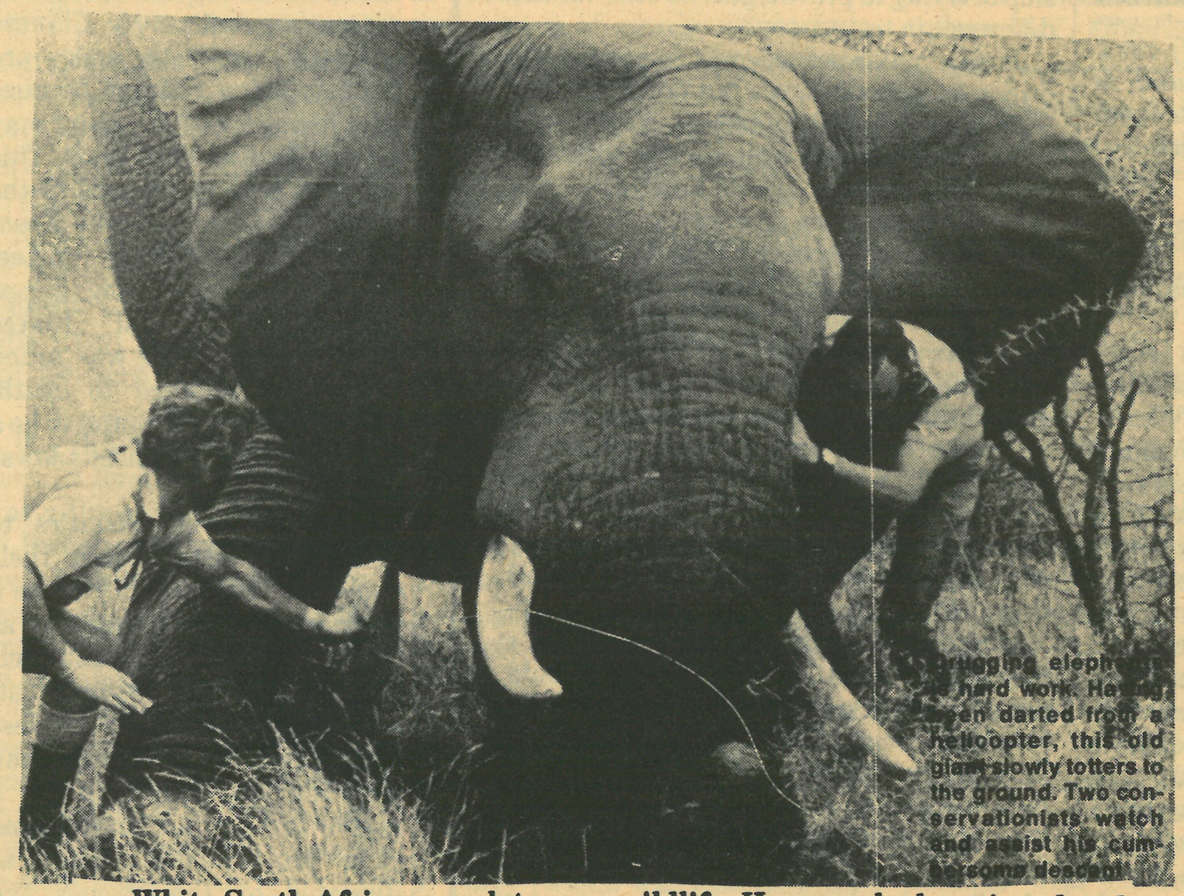
Images of ruin in Africa

It is unlikely that his images will save a single elephant. In a preface to his book *The End of the Game* (Doubleday; $9.95), whose new edition accompanies the show, Beard argues that the wild Africa of the 19th century is finished anyway, and is already beyond the ministrations of game policy: "It is too late to undo what has been done ... To understand this is to begin to realize that we have conquered nothing at all." To the wild's disappearance, Beard's photos append a haunting *requiescat.*



CRUELTY IS THE HALLMARK OF SAVAGES

Cruelty is a way of life in Africa, and the hallmark of savages. Here, a baby hippo is tortured to death for the fun of it.



White South Africans seek to save wildlife. Here an elephant is sedated by a dart gun. It will now be removed to a safe preserve.

Negroes' Inherent Cruelty To Animals

In Africa many species of animals are now on the endangered species list. They range from the beautiful giant tusk elephants to exotic birds. Their demise results from the indifference of black political leaders. Poaching, greed for ivory, skins and furs has decimated rare animal herds.

During White colonial rule over these African countries, massive efforts were made by White wildlife conservationists to save and preserve these magnificent wonders of nature. All of this has come to a halt in the black ruled nations where indiscriminate killings of wild animals for quick rewards is the order of the day. Their numbers have been decimated as a result.

Only in Rhodesia and South Africa does the work continue to save wildlife. On this page is a photo of an elephant who has been sedated by game wardens. They will now move the animal back to the safety of especially protected animal reserves. Next we have another photo on this same page of a helpless rhino who has been speared by cheering semi-nude savages. They cannot obtain any meat or skins from the rhino. Its slow, torturous death by spearing is entertainment for the savages. Such activity is common through primitive black Africa.

Note the photograph of a fetus taken from a cow elephant that has been needlessly killed by natives of Africa. In Kenya the negro government forced all the elephants onto the grounds of the "Tsavo National Park," where there is not enough food to sustain them. They die by the hundreds from senseless starvation and will soon be extinct. This is of no concern to the black rulers of Kenya. Peter Beard has written a book on this problem entitled, *The End of the Game* (Doubleday, $9.95). He states that: *"It is too late to undo what has been done."*

Wildlife is not being preserved by black ruled countries and this alone questions their interest in developing civilization. Death and slaughter of the magnificent retreating herds of animals for sport or booty is one of the most despicable attacks upon nature which one can imagine.

Millions Of Aliens Were Deported

U. S. Deported Millions Of Mexicans in 1945

Many bleeding heart liberals say, *"You can't get rid of them once they are here!"* Our answer is WHY NOT! During World War II millions of Mexicans were allowed to come into America as temporary workers to help ease the manpower shortage. When the war ended in 1945 the government rightfully enforced the law and quickly deported 3.8 million Mexicans back to Mexico. There was no uproar about it and the expulsion was not resisted by the Mexicans. There was very little about it in the press. Today we have been brainwashed into thinking that we have to be the garbage dump for the entire world just because the liberals and race-mixers want it that way.

Common Sense In Germany

There can be no doubt that the colored foreign worker problem in West Germany poses a greater threat to the survival of the German nation than does any attack from Soviet Russia. Still, recent evidence proves that the Germans can and will remove undesirable elements from their society at the appropriate time. There were 12,000 Korean nurses in Germany. When a recent study showed that some 5,000 German girls trained as nurses could not find jobs, the German government sent 3,000 of the Koreans back home.

France Ships Back Algerians

The French government has notified Algeria that it no longer needs 310,000 Algerian workers. The Algerian government wants a one year delay in their return in hopes that France will build facilities in Algeria so that they will have work upon their return. Even stronger bills have been introduced into the French Senate to stop all foreign workers from entering their country and calling for the deportation of current aliens as unemployment grows.

England Cuts Back On Immigrants

Through loopholes in the law, it is estimated that some 50,000 coloreds are still entering England each year. Still pressure is mounting to stop it. More than any other nation, Britain is alert to the problem of the current 3.5 million coloreds in their midst. One recent bill adopted stops the sneak practice of Asians bringing in immigrants as prospective brides (who they rarely marry).

Asians In India Deport Millions

Rich oil fields were discovered in the Assam Province of India. This has caused a rise in the standard of living for the Assam people. For this reason, the "blackest" people in that part of the world, the Bangladesh mongrels, have moved in huge numbers into Assam to raise their standard of living. Quickly, the population of the state of Assam rose from 14 million to 19 million. Recently there have been riots demanding the deportation of the Bangladesh before they destroy the standard of living of the Assam people. Mrs. Gandhi has agreed to deport all those who moved to Assam since 1971, which is most of them. Why can't we do this in regards to the Mexicans in America?

Chicago Schools At Mercy Of Blacks

Blacks Run HEW

Chicago faces an ironic situation which points out the dilomma they face by Pres. Carter's wholesale appointment of blacks to the federal brueaucracy. Negress Patricia Harris is Secretary of HEW. On this page we reproduce an article whereby she declares $30 million in aid to the Chicago school system will be cut off unless they institute cross city busing. If we lived in a free country, we would have no "busing." With the high price of gasoline, how can the Jew-controlled politicians in Washington justify busing? Negro violence in the Chicago school system has already forced most Whites with children to flee to the suburbs, leaving the schools less than 25% White.

Now note the next article from negro "Jet" magazine which has Carter's appointed negress Roma Stewart, who heads Chicago's HEW federal funds. Carter and his predecessors and the leftist federal courts have placed our nation's schools in the hands of a destructive minority.

U. S. Will Sue Chicago To Integrate Schools

Patricia Harris

If the Chicago Board of Education won't desegregate that city's public school system then the U.S. Justice Dept. will. That was HEW Secretary Patricia R. Harris' recent message to the school board after months of negotiation over its desegregation plan.

Mrs. Harris said she had decided to turn the Chicago case over to the Justice Dept. because she "concluded that compliance cannot be secured by voluntary

U. S. Tells School Board:

No $30 Million To Chicago, Too Slow On Desegregation

Roma Stewart

Saying Chicago has made scant progress toward ending student desegregation, the U. S. government rejected the city Board of Education's application for $30 million in desegregation funds.

The Dept. of Health, Education and Welfare rejected the financially strapped school board's request on the recommendation of Roma Stewart, director of HEW's Office for Civil Rights. She is the daughter of Cook County, Ill., Circuit Court Judge Sidney A. Jones Jr.

JENSEN'S REBUTTAL

Arthur Jensen has grown accustomed to life in the vortex of an academic cyclone. Blacks, he has long argued, are less intelligent than whites, and that is why they perform poorly on IQ tests (chart). Even more startling, the psychologist suggests that the phenomenon may result from genetic inferiority. When the prestigious Harvard Educational Review published the University of California, Berkeley, professor's heresy eleven years ago, his ideas touched off impassioned scholarly rebuttals—and brought him death threats in the mail. Since then, many of his critics have fastened on flaws in tests to explain why blacks get lower IQ scores. Now Jensen has rigorously responded to those charges, publishing an encyclopedic review of testing—a book that promises to stir still another stormy debate over racial intelligence and the value of tests.

Jensen's new survey* gives IQ testing an essentially clean bill of health at a time when testing faces unprecedented public hostility. It also buttresses his old genetic arguments. While the report steers clear of trying to prove heredity-based intelligence, it concludes that IQ tests are valid measurements of natural ability. Jensen rejects test bias to account for the average 15-point IQ gap between blacks and whites of all backgrounds. Says the 56-year-old psychologist: "There is a true difference in the general intelligence between blacks and whites, and at this time it is impossible to devise a reasonable test of mental abilities which does not show that difference."

Among his controversial conclusions:

- The difference in test scores stems from the average black's lower ability to reason conceptually. Blacks have a harder time grasping how objects are related. For example, they cannot solve puzzles, analogies or ratio problems as easily as whites. Blacks do compete equally or favorably with whites on tests of memory and dexterity, such as number recall and counting groups of dots.
- There is a developmental lag between black and white children. The average black 10-year-old performs at the mental level of the average white 8-year-old. But unlike the tortoise and the hare, blacks never catch up with whites.
- Criticism of "cultural bias" in tests is unjustified. Blacks do better on items that refer to white culture, such as "The Iliad," than they do on "culture-free" items, such as the number of days in a week.

Jensen admits that IQ testing can be unsuitable or imperfect in some circumstances. IQ tests, he concedes, "are probably overused by schools, especially at the elementary level." He fears that intelligence tests may discourage some schools from making an effort to serve all of their youngsters equally well. He urges educators to use more tests in specific academic subjects to chart a student's mental ability and promise. Jensen is also shocked by the lax management and sloppy grading of IQ tests by teachers. He notes, for example, that some teachers start tests late or let students grade each other's exams. This can produce disastrous inequities on transcripts. "In some schools, unfortunately, teacher attitudes to standardized tests are so negative that test administration can be entrusted to them only with considerable risk," Jensen explains.

But Jensen argues that IQ testing is inherently fair. He believes that most public antipathy toward testing falls into two camps—both of them in error. Political critics, he says, resent testing for being discriminatory by definition and regard tests as inventions to shore up the Establishment or oppress the downtrodden. Romantics, on the other hand, oppose tests for ignoring positive qualities such as high creativity and good character. "Criticism of mental tests amounts to armchair analysis," Jensen says. "I'd be delighted to see a cogent argument against them."

Educators who have read advance copies of Jensen's book respect his scholarship but believe it is skewed. They insist that Jensen pays too little attention to a child's home and school environment in evaluating lower black test scores. "His analysis fails to address sources of external bias adequately," says Princeton University psychologist Leon Kamin. When encountering tests, black children are much more likely than whites to be handicapped by poor diet and bad living conditions—or to come from households where mental alacrity is not expected and encouraged from infancy. In addition, blacks usually find test conditions more unfamiliar than do middle-class whites.

HEREDITY: Lurking behind the book, say test specialists, is Jensen's genetic determinism. Although Jensen scrupulously avoids discussing heredity to explain superior white performance, he sticks with his original hypothesis. "Jensen appears to be laying the groundwork for a larger project," says Educational Testing Service vice president Samuel Messick. "The bigger controversy is likely to erupt when he moves to the next step of trying to prove a genetic basis for the difference in test scores."

Jensen makes no attempt to answer his critics on genetic issues but contends that testing pays social dividends. Those who resent tests because whites score better on them, says Jensen, ignore how they "can help to reinforce the democratic ideal." IQ tests work to discover talent in children from disadvantaged backgrounds, where parents and even teachers frequently fail to recognize superior intellect. Unlike admissions officers or employers, he says, tests are colorblind—and less capricious.

Yet on any count, the implications of Jensen's book are grim. His work suggests that attempts to raise the educational success rate of all black youngsters to parity with whites are ultimately doomed to fall short. If black test results derive overwhelmingly from inherited traits, Jensen's message is bleak indeed: blacks should resign themselves to a role of intellectual inferiority. Jensen's ideas are so radical that they are bound to renew the debate over race and genes. An uglier prospect is that they may lend themselves to those who would chip away at the fundamental principle of equal opportunity.

Now It's Chinese Crime

Chinese Tong Wars Now In U.S.

China has long been plagued with Tong Wars. There is murderous infighting between these rival criminal Chinese gangs. Where ever large numbers of Chinese emigrate, the gangs go with them. Both New York and San Francisco have suffered from Chinese Tong Wars. The main gangs are the "Ghost Shadows," "Flying Dragons" and the "Chung Yet."

Most gang members are youths who came here from Hong Kong. They engage in drug traffic, robbery and extortion. Their activity spreads far and wide. Even the small Chinese community in Atlanta has been attacked by members of the Lip Sing Tong gang from New York. Four Chinese youths bound, beat and pistol-whipped Lee Eng who operates Trader Eng's Luau at 300 W. Peachtree St. Eng and his wife were robbed of jewelry, cash and valuables. They are prosecuting but most Chinese victims of the Tong gangs are afraid to bring charges because other members of the gang may well retaliate and kill them. This is exactly what happened to the unofficial mayor of San Francisco's Chinatown, Man Bun Lee, who criticized the Tong gangs' intimidation of local Chinese business people. Lee was found in an alley stabbed to death. Later his killer was found to be a member of the "Ghost Shadows" gang.

When we bring Asiatics to America we also import their problems. This impact can be a greatdanger to our society as their numbers increase and their criminal elements begin to attack White people. The Chinese should remain in China and America should remain a reserve for the White race and not a "Multi-Racial Society" as advocated by the liberals and race-mixers.

"THE THIRTEENTH TRIBE"

By Arthur Koestler

This Jewish author traces the history of the Polish-Russian Jews who make up 85% of World Jewry. He finds that they are of the Khazar tribe of Turko-Mongols of Southern Russia. They converted to Judaism en masse in 800 A.D.

Thus their ancestors never lived in Palestine and they have no historical or Biblical claim to the Holy Land.
